Mr. and Mrs. Gareth M. Neville were not fully aware of the contribution they had made on that day, October 26, 1951, when Fairfax County purchased from them twenty-two acres on Ravensworth Road for \$22,196.50. A pooling of Fairfax County provisions and Federal allocations provided a sum total of \$1,661,418.64 to construct what was to become, without qualm, a leader of high schools. This was Annandale.

On a cool September morning in 1954 the doors of Fairfax County's fifth and most modern high school were opened and students formerly of Fairfax and Mt. Vernon High Schools entered somewhat hesitantly but many with a vision of a high school which would in years to come be an example of excellence.

From the start it was evident that the crowded conditions would seriously impede the development of A.H.S. and on December 2, 1954 plans were made with the Wayne Construction Co. to erect a twelve room addition. Upon completion, Annandale was fully operational.

Time passed, however, and A.H.S. could not sit back on what it had. The school had to grow. Throughout the years additions were constructed; a second library, more classrooms, then offices, and still a newer library. However, Annandale grew in more than one manner. After the Class of '57, A.H.S. never had another losing football season, and a later "It's Academic" team established an all-time scoring record for area schools. The vision of excellence which those first students carried with them was being fulfilled. But times continued to change and we had to work to stay on top.

New methods of supplementary enrichment for classrooms were provided for all teachers. Formats of education were improved and varied; and in 1966 thirty classrooms, the present library and a new cafeteria were included on the already enormous list of improvements and Annandale's student capacity rose above the 2000 mark. The most recent additions were the M and R Shop and the Media Center.

Annandale, now the oldest Fairfax County school on its original site, did not want only structural improvements, however, and the student bodies and faculty grew and changed with the structure. Students have become ever increasingly involved with the issues of governing their own school and the advent of a new and innovative era of concern has risen into sight. It is not spoken of and little discourse pertains to it, but the pulsation of the new spirit is felt every school day and the response and cognizance is consistent and strong.

Annandale, with its heritage of two decades of service to the community, can look back and be proud of the goals it has attained. And yet, even now, the old Alma Mater can not, must not, sit still on its laurels. The very school can feel within itself the life-giving strength drawn from growth and knows that without growth perish it will and that quickly.

For time is still passing, it halts and waits for no one. We must march with it; to whatever rhythm we choose, but with it we must march.

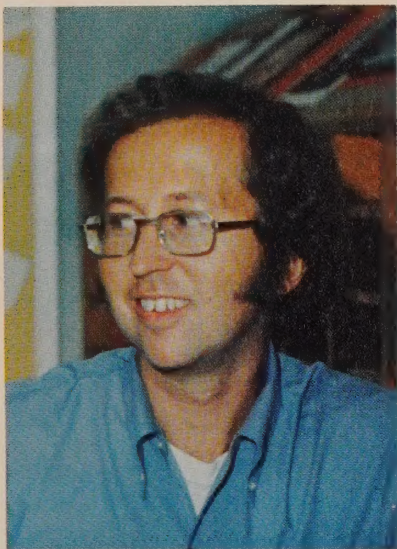

STAY

... Mr. Wallace J. Bolding, a strength when we, as a freshman class, were grasping for our first footholds in high school life ...

... Mrs. Gay Wilkes, a constant backer of a growing class ...

... and Mr. Robert Menard, who is perhaps the most eligible for an honorary membership to the Class of '74.

Four years at AHS, that's a long time to spend anywhere. So how do you suddenly just up and pick one person out of a crowd of associates and say "He's the one who helped us the most!" or, "She did the most good for our class."?

Annandale's Class of '74, full of the richest heritage and pride, felt no one teacher or administrator could be chosen as the most helpful. It is for this reason that we have decided to dedicate this the twentieth and finest edition of the Annandale Antenna jointly and yet separately and individually to the following three: Mr. Wallace J. Bolding, a strength when we, as a freshman class, were grasping for our first footholds in high school life; Mrs. Gay Wilkes, a constant backer of a growing class; and Mr. Robert Menard, who is perhaps the most eligible for an honorary membership to the Class of '74.

It is to these three that we owe our deepest heartfelt thanks and love. For it was in love that these acted.

"... And though I bestow all my goods to feed the poor, and though I give my body to be burned, and have not love, it profiteth me nothing."

—I Corinthians 13:3

In this, the first volume of the Annandale Antenna, we of the 1955 staff have sincerely tried to recreate the birth of Annandale High, feeling that we will relive every moment as you with your unfaltering spirit and ceaseless ambition transformed Annandale into a city alive, 1,000 strong.

In years to come as you glance through this yearbook, we sincerely hope that you will recall Annandale as it was . . . in the beginning.

—from Antenna '55 Volume One

. . . 20

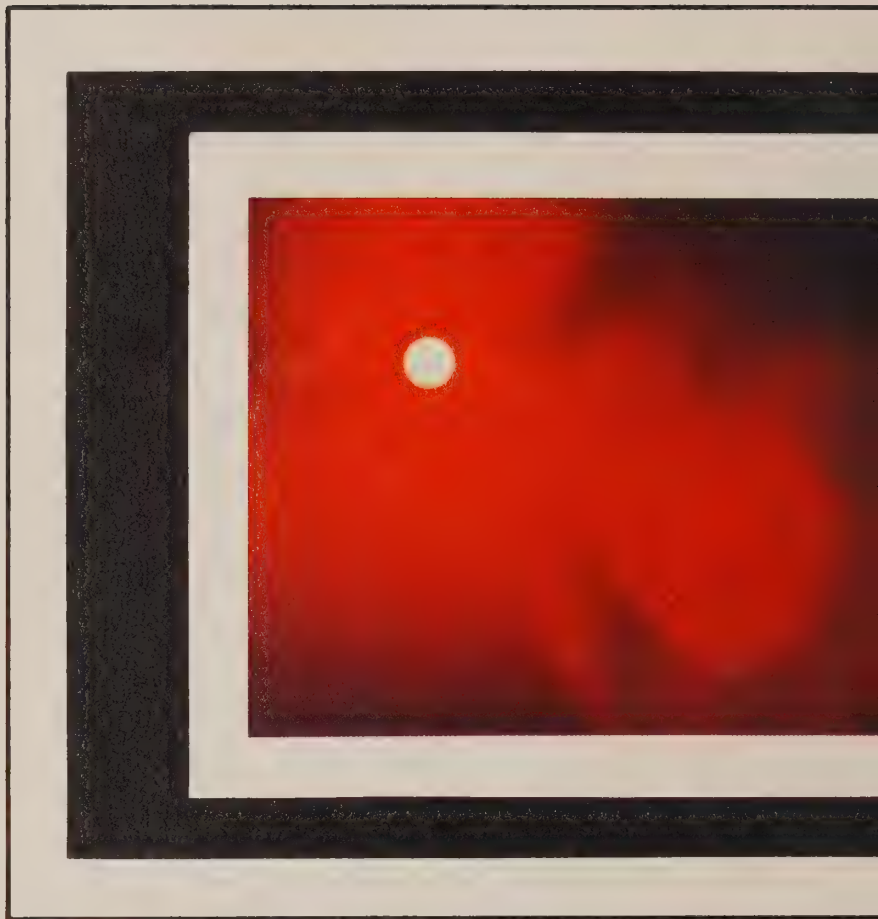

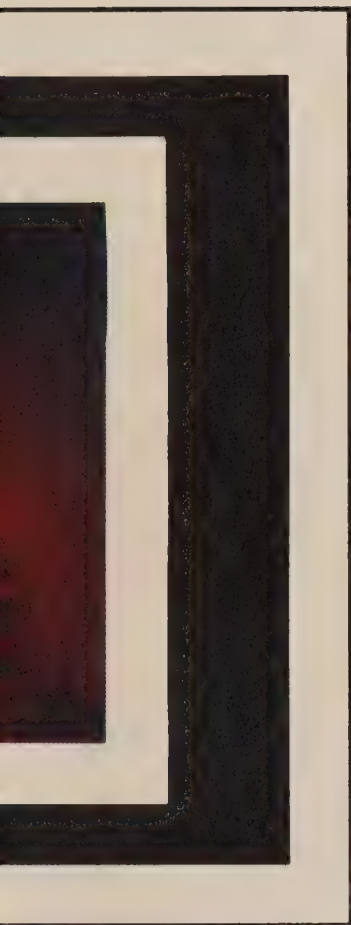

In this, the twentieth volume of the Annandale Antenna, we of the 1974 staff have sincerely tried to recreate the birth and growth of Annandale High, feeling that we will relive every moment as you with your unfaltering spirit and ceaseless ambition have transformed Annandale into a city alive, thousands strong.

As you glance through this yearbook, we sincerely hope that you will walk with us in passing time and retrace Annandale's footsteps over two decades.

Years . . .

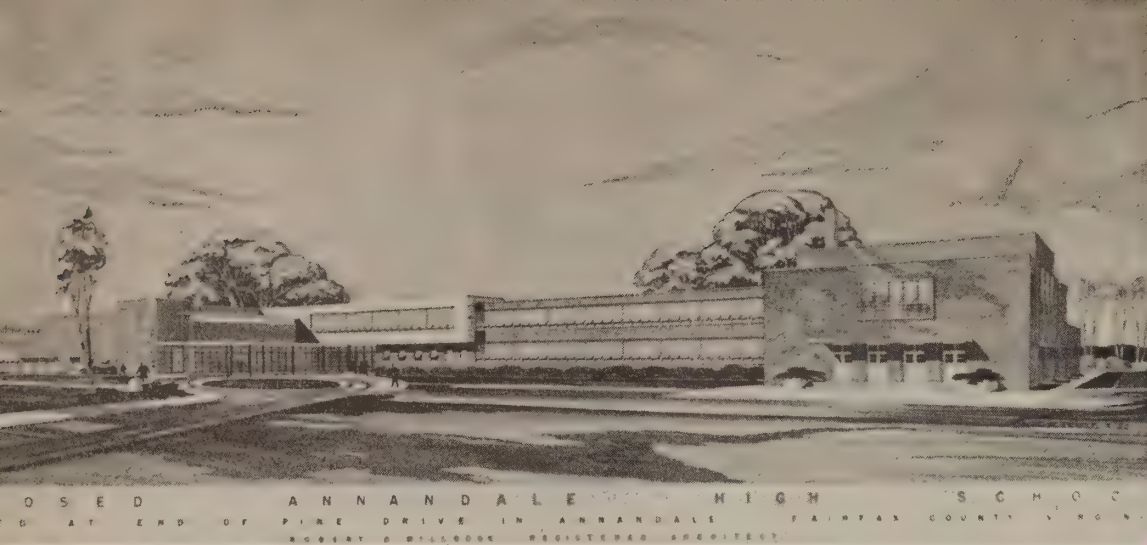

Time passes;
passes ever so
quickly. We can
not stop it; we
can not slow it
down. We must
move and grow
and change
with it. And
find our place
in the sun.

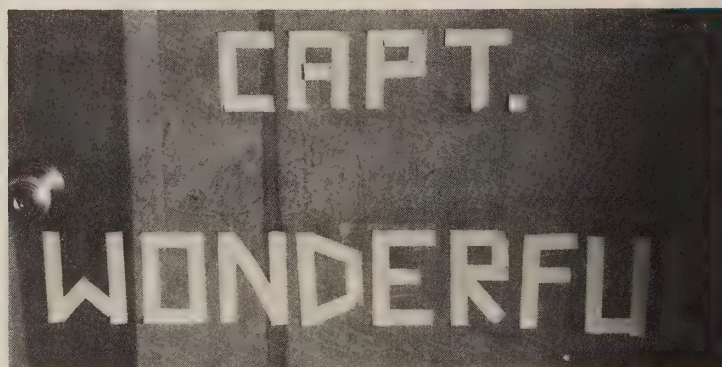

Where were we 20 years ago? In Annandale's 20 years we have...

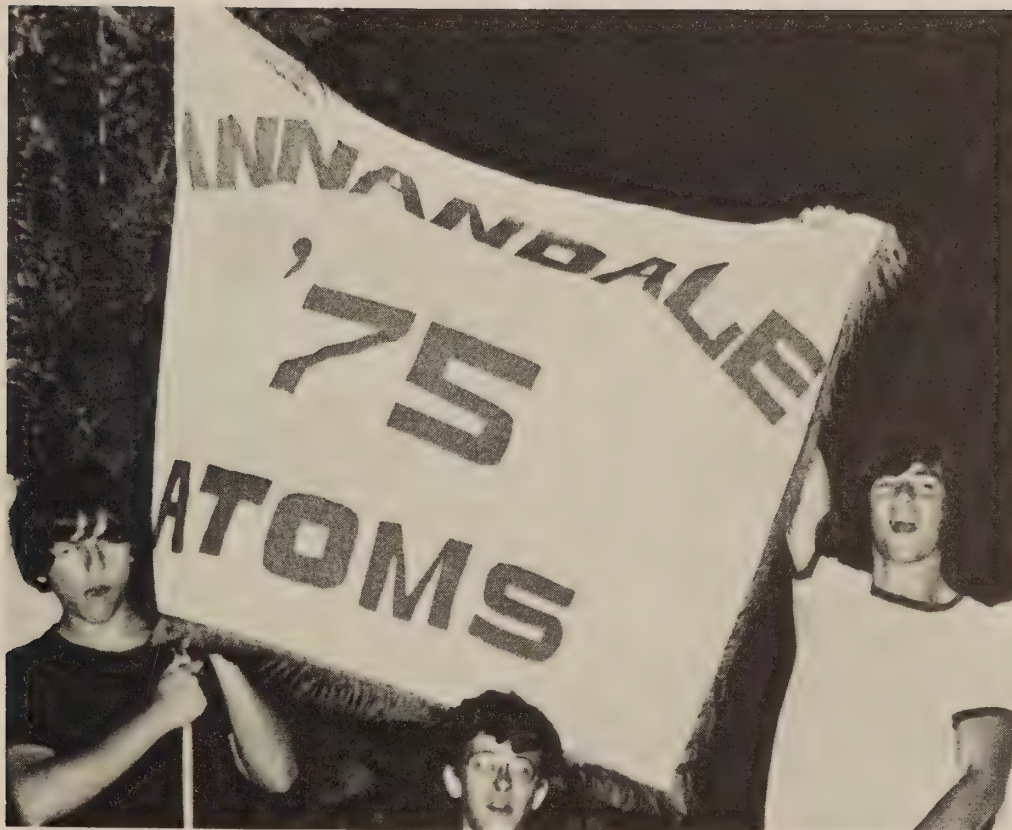

20 years of change

... developed skills ...

... grown to love our faculty ...

... activated a powerful school spirit ...

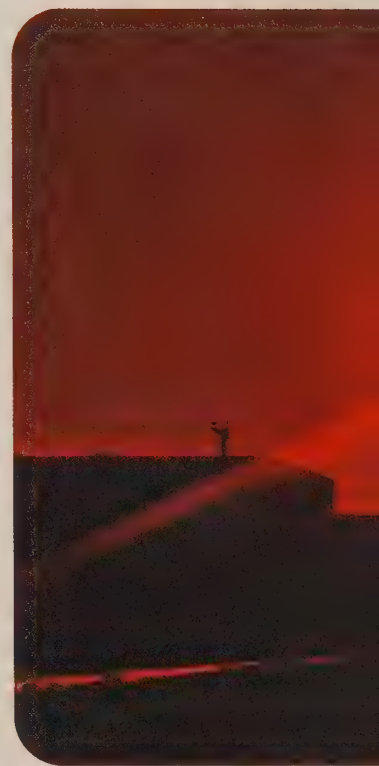

... learned to be individuals ...

... seen ourselves as we really are ...

... and found truly where we are now.

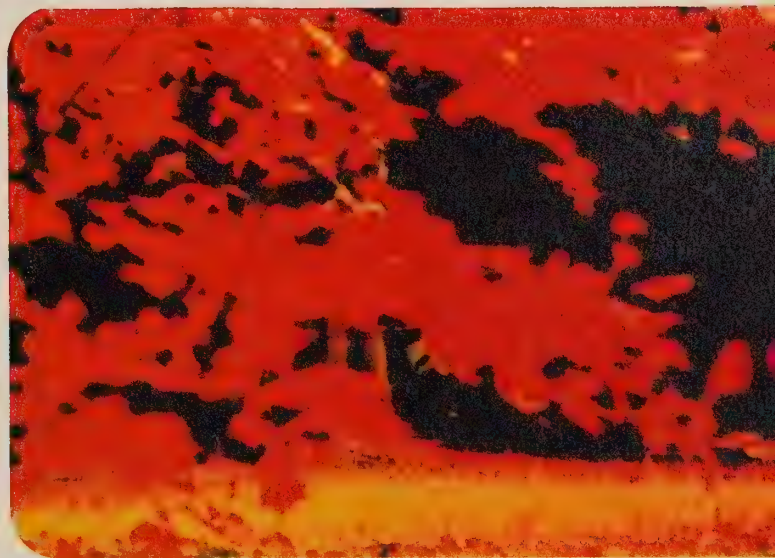

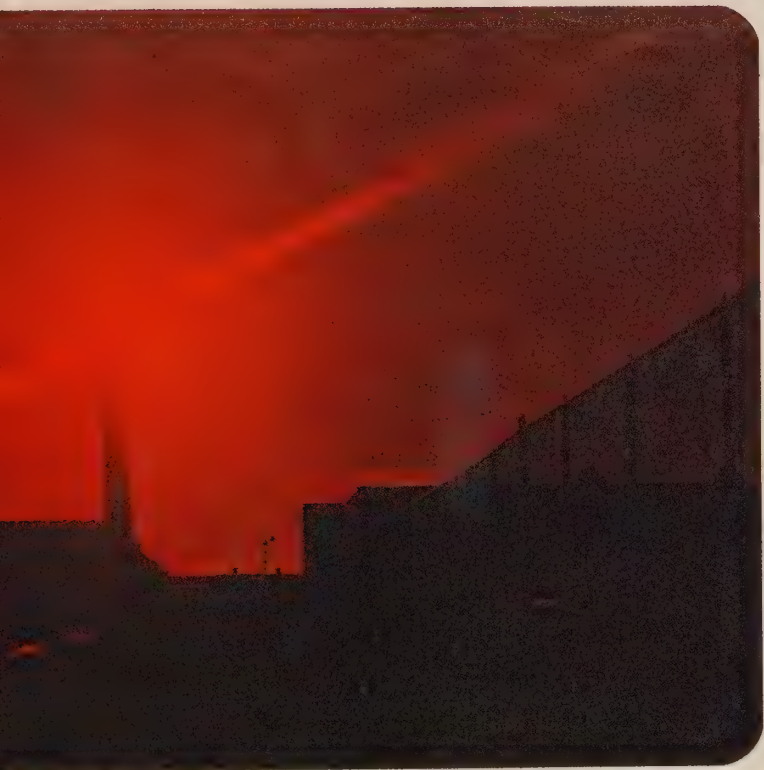

When do we watch a flower grow? Not very often; but they always do. When do we see the sun rise? Again, not very often; but it does, once a day.

We can't see the ways in which we've grown during our high school years. But we have, continuously. That's why we are different now from when we entered Annandale.

Value your growth, value your maturity. Value your high school experience.

Involvement . . . we all saw how it worked this year. We saw it in different aspects and from different standpoints. A struggling and winning football team, improvements in courses and techniques, and this, perhaps one of the finest yearbooks in A.H.S. history. Some of us saw it from the center, others of us saw it from the outside in. But we all were cognizant of the growing involvement in our Alma Mater.

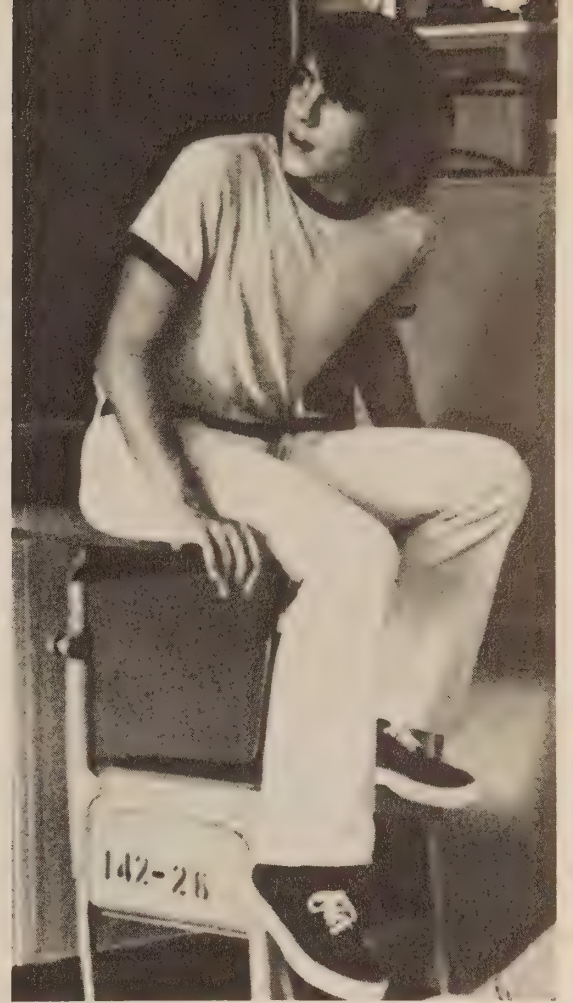

But not all joined in the ritual called "involvement." And yet, these can not necessarily be labeled as "apathetics." We often get hung up on the connotations of terms and phrases. To most students, "involvement" is being a part of anything that causes the ears of the rest of us to be almost constantly and savagely barraged with their names.

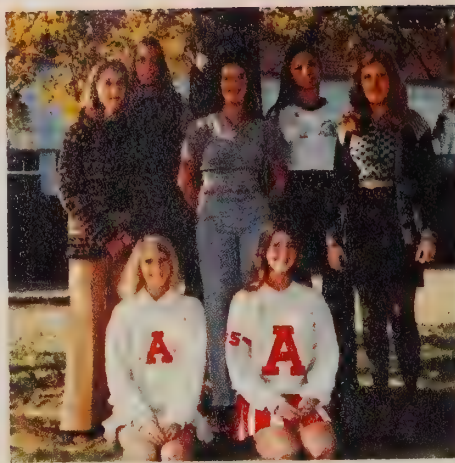

To some, however, involvement was simply doing the things that needed to be done. Whether it be having their name printed in every issue of the A-Blast across from " . . . Editor-in-Chief" or working behind the scenes to clean up after class activities. To these, it wasn't the publicity that was important, rather, it was to find that, after the smoke from the barrage had cleared, they were still the ones getting things done.

Involvement: what was that anyway?

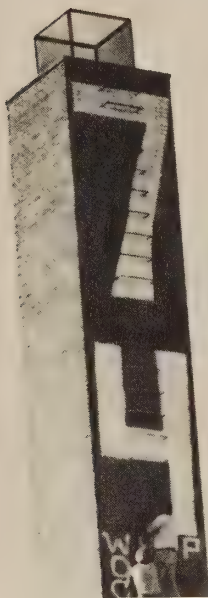

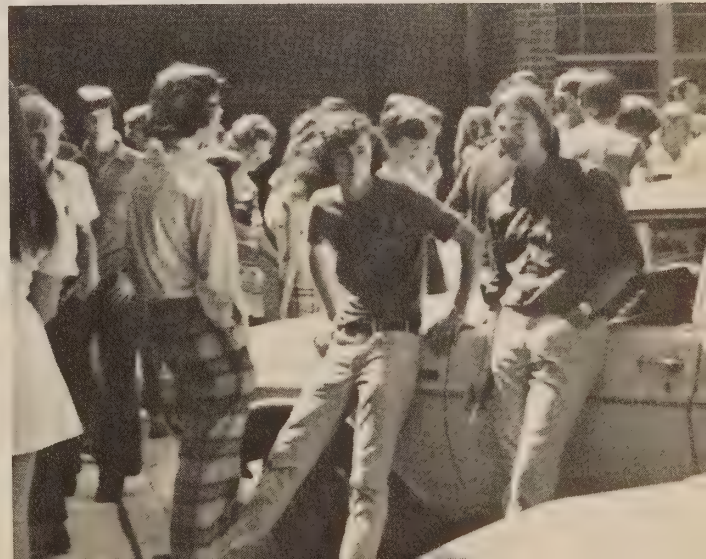

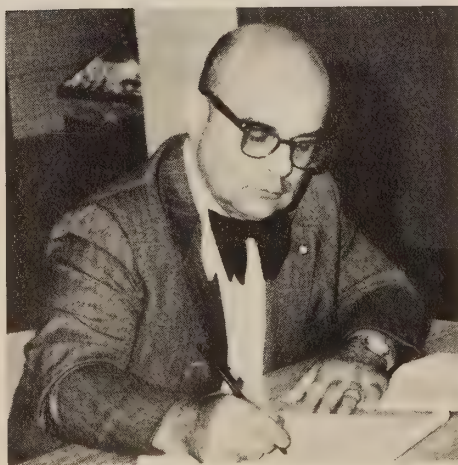

These Are the Things . . .

.... high schools are made of.

Frosh Gain Insight for High School Life

Lorraine Brown discusses the functions of the SCA.

Freshman Orientation, held September 1, calmed the hidden apprehensions of the seemingly casual freshmen. Following the warm welcome by Mr. James Finch, the students were familiarized with the many facets of high school life. A brief introduction to the SCA and Guidance and Athletic Departments was given. The Keyettes presented a humorous outlook of AHS in their skit, "The A-B-C's of Annandale High." The AHS band, the Majorettes, and the Drill Team performed as well. Upon leaving the auditorium, the freshmen proceeded to follow their new schedule. The Class of '77, like so many others before it, soon settled into the framework of Annandale High School.

Cathy Midkiff calls orientation to order.

Mag Drive Generates Much Spirit, but Not Much Money.

The 1973 Magazine Drive proved, financially, to be a bomb. This was readily visible as the committee fell short of their goal of \$10,000 by about \$5,000. The reasons were rather honorable, however, as much money was spent on advertising, prizes, and various goods for the school. These included such things as a new bicycle rack, benches for the front lobby, music for the library and support for the Foreign Exchange student.

Despite this there were many bright points that really gave hope for future Drives. President Tim Nasworthy initiated possibly the most significant change as the profits from the Drive were shared by not only the S.C.A. and the classes, but all the various clubs as well. This plus a fantastic assembly that saw excellent skits by all the classes and the Key Club shined much light on the future of the Annandale High Magazine Drive.

Parents Relive School Days

Back-to-School-Night, held Thursday, October 18, opened with a short business meeting, where the '73-'74 enrollment and budget were discussed. Parents were then given an opportunity to purchase the publications for their child. The Student Parent Teacher Association urged parents to become members of that organization. Preceding the business meeting, parents were dismissed to follow their child's schedule and many bewildered parents roamed the halls aimlessly. Those who were sure of their destination, and those fortunate enough to reach a Keyette usherette for assistance, attended each class for ten minutes. During this class time, parents were briefed as to techniques used in that class.

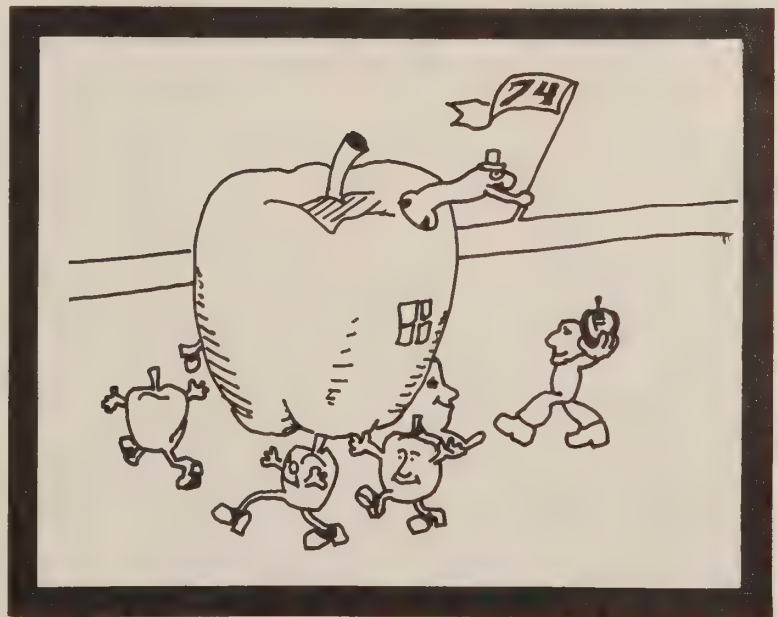

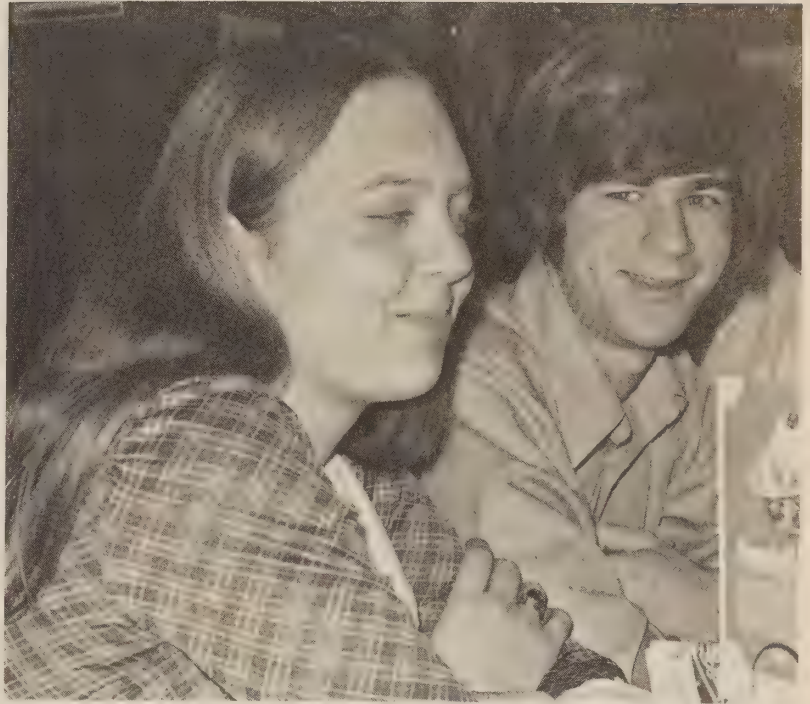

Big Apple: A-peeling Pickins'

Several years ago, ponytails bobbed and saddle shoes kicked, as teenagers romped to the latest dance craze—the 'Big Apple.' Since the 50's, the meaning of 'Big Apple' has changed at AHS from the high-stepping dance to a festival of apples. As usual, this year's Big Apple was the answer to your wildest apple-dreams.

The '73 Big Apple, held October 27, was sponsored by the Senior Class. In mid-October, enthusiastic Seniors gathered at Winchester, Va., and picked over 10 bushels of apples. Up to final minutes before the Big Apple, busy Seniors cooked, baked, and candied apples into everything from applesauce to apple cobbler.

The atmosphere created at the Big Apple was most appealing to those present. Folk-music was provided by Doug Putnam, a '71 graduate of AHS. Girls dressed as cigarette-girls strolled among the patrons, selling apple sticks and other apple candies. The festival proved successful to all participants, as the evening yielded over \$300 to the Class of '74.

Did You Say a Rock Concert in School?

One afternoon in late November, the student body filed into the boy's gym expecting just another assembly. What they got was First Gear—an explosion of powerful rock. In hopes of relieving the everyday drudgery of school, Mr. Finch promoted the First Gear concert. With financial assistance from the Senior class, Mr. Finch was able to contract the group. The afternoon performance attracted large numbers of students to the concert Monday evening. Despite the excellent attendance, the evening did not yield substantial profits to the Senior class. The seniors were not disappointed since they had supported the concert as a favor to Mr. Finch and the school.

Sadie Hawkins a Smashing Success . . .

The 1973 Sadie Hawkins dance, sponsored by the fantastic class of "74", proved to be a smashing success as the class grossed over \$300 and provided an excellent evening for those couples fortunate enough to have attended.

The event included music by the band, "Washington", the ever-present Justice of the Pieces, "Marryin' Sam", the kissing booth, and, of course, plenty of dancing.

Congratulations must go out to all the Seniors involved with the organizing of the event, the fine decorating job done and especially to "Marryin' Sams", Bob Grimesey and Scott Lindeman for marrying over 100 couples despite some crazy antics. It was for this that the Sadie Hawkins dance will go down as one of the Highlights of this year.

Although Old Man Winter tried his hardest to eliminate the Sweetheart Dance this year, his attempts failed. On Feb. 16th (instead of the originally planned Feb. 9th) the dance took place and was a great success. The Key Club decorations as well as the entertainment provided by Medula were superb. Chris Ulanski reigned as queen for the evening and noted that all of her subjects thoroughly enjoyed themselves.

The Many Faces of an Actor

Many students of drama took temporary leave of their everyday lives this year, to slip into the lives of comparative strangers who might have otherwise existed only in the pages of a manuscript. Through the talent and effort of these actors and actresses in assuming the roles of an author's imagination, many students of Annandale were visually and emotionally touched by both the hilarious and woeful thoughts and feelings of a people remote to them. These characters were introduced through the various one act plays; the Fall play, "Green Grow the Lilacs"; and the Spring musical, "Bye Bye Birdie"; as well as the plays produced through the drama classes for their own education into the dramatic acts.

The Junior Class presented "4 Boxes," an absurd play which captured first place in the Night of One Acts.

Speakers Come to Aid of Teachers

First Gear really got the wheels turning when tickets were sold out.

Inside Strait's first appearance was not their last.

Under the leadership of President Bill Kier, the Class of '74 organized and participated in many rewarding events this year. They started in the summer by painting the Senior Section of the bleachers. Soon following that, they participated in a Jr.-Sr. Football game, coming out the victors. After the Stuart game, the class introduced Inside Strait, a new band to Annandale, and made a huge profit. In October, carloads of seniors drove up to Winchester, Va. to pick apples for the annual Big Apple. The entertainment for the Big Apple featured Doug Putman. The First Gear Concert sold out rapidly and was a great success. Sadie Hawkins was also sponsored by the Seniors. Annual Senior activities included the Homecoming Float, the Senior Mag Drive Skit, and this year, assembling and selling school directories.

Determined Juniors Try Again

From soc-hops to the Dating Game, the Junior Class enjoyed an eventful year. After sponsoring three successful soc-hops and the Mag Drive to raise funds, the class initiated a new activity. Annandale's first annual Dating Game was held on February 6, with contestants coming from both Annandale and Robinson high schools. After vying for the treasured date, the lucky winners attended the Sweetheart Dance the following week.

Though successful in these events, the Juniors were defeated by the Seniors in the annual Junior-Senior football game. The determined Class of '75, however, promised a strong comeback and victory in the upcoming annual basketball game. One can only hope the class will be as fortunate in basketball as their other activities.

It's all a part of the game.

Sophomores Host Profitable Year

The class of '76 marched on through their Sophomore year as, once again, one of Annandale's most active classes. This was proven from the outset as the '76ers took first place in the Homecoming float contest and continued to be successful in many other activities during the year.

These activities included two profitable Soc-hops, two Ice Cream Socials and the premiere of the Class Contest Night. This event included representatives from each class partaking in several corny events. The highlight of which was the award of Mr. Legs going to Dick Adams.

Soc-hops were events to look forward to for sophomores.

It tingles to the taste!

Freshmen Get Late Start

The many adjustments of high school life inhibited the freshman class' social activities this year. The beginning of the year brought forth the usual havoc and activities were non-existent. As the year progressed however, the class shaped up and sponsored a pizza dinner in February. Following the usual format, patrons were offered delicious pizza provided by Pizza Bazzono. Introduced to their first success, the class looks forward to many more such endeavors while here at A.H.S.

In Memory

Let us not forget that warm and friendly personality who devoted nineteen years of his life to the students of Annandale. He left us suddenly last year by accidental death that should remind us of the uncertainty of our own existence on earth. He is sorely missed and we still salute your memory Harry Keller and thank you again as did the students in the yearbook of 1964 for all the good things that made you so popular at Annandale and in life.

One of many friends

Mrs. Rose Little; Latin, Russian

This page is dedicated to those faculty members of Annandale High School that have given twenty years to the promotion of education. Ever since Annandale opened its doors these teachers have affected the lives of their students. From Physical Education to Foreign Language these teachers have imparted their knowledge as their dispensation to humanity. There are six faculty members who have given their services to Annandale and its community. It is on this our 20th Anniversary that we thank these six members and present the laurels of recognition to Mr. Harry O. Keller who would have made the seventh member of this elite group.

TO STRIVE

Lucido Era Ends with 8-2 Season.

In the summer of 1970 starting running back Bruce Belanger injured his leg and the Atoms were forced to start a freshman in the first game of the season. That night was a night many will never forget as that number 44 broke away for several long runs and showed an amazing knack for breaking tackles. That young man was Mike Lucido. He would end the year with a total of 883 yards gained and several All-District honors.

He continued his amazing career into his sophomore year as he scored 98 points and rushed for 1,387 yards. This was enough to persuade the Washington Star to name him Offensive Player of the Year.

1972 proved to be the year of the Lucido as Mike poured it on with a phenomenal 1,636 yards gained and 120 points scored to lead the Atoms to the Virginia AAA State Title. It was also enough to bring him Player of the Year honors in both the Star and the Washington Post.

This year Mike had to pick up the slack for the Atoms weak passing attack. For this reason every time the Atoms got ahead by decent margin Coach Hardage, rather than risk injury to him, would give Mike a breather. On the other hand Coach Dick Pugh of Woodson enjoyed seeing his star running back Mel Collins run over people. (Even when the score was lopsided.) As a result Collins outscored and out-gained Mike in his senior year to take away the honors that should have been his. Despite this, Lucido did end the season with 1,290 yards gained and 94 points scored.

What's more is that he did make All-American and set records during his four year purge that will be around for quite a while. It is for those 5,196 yards gained, 340 points scored and that 6.1 yards per carry average that his jersey number, 44, was retired. And it was for those four years of excitement that the Antenna Staff of 1974 would like to extend it's felicitation to Micheal James Lucido.

August 13, Practice Opens with Theme: “All the Way to State '73.”

To many people, including some of Annandale's own students, 1973 was going to be a rebuilding year for the Atoms. The players had a different idea, as 156 candidates showed up at practice to prove them wrong. At the beginning the work was hard, but most were in excellent condition so injuries were low and the spirit was high.

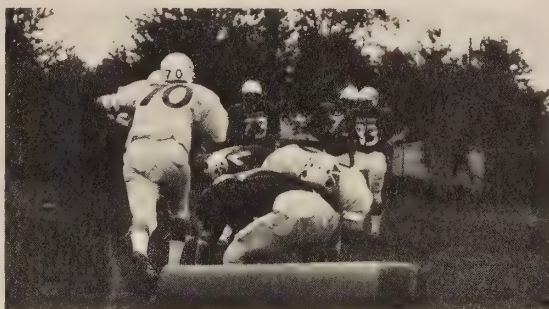

After a week the Atoms went on display in the annual intersquad scrimmage. The final score was 0-0, but it marked the beginning of Sophomore Bill Dobson's reign as starting QB.

From here the Atoms went on to scrimmage T. C. Williams and Lane. In the Williams scrimmage, the Atoms (playing without Mike Lucido) won 7-0 on a fumble recovery that resulted in a touchdown by Jeff Belue. The Lane scrimmage was no contest as the Atoms won easily 36-0.

The Atoms could now look ahead to Stuart. The roster was now at 55 and all of them wanted nothing less than being State Champions once again.

Atoms Open 1973 Season with Sweet Revenge Over J.E.B. Stuart 14-6.

On a rather chilly September night in 1972 the J.E.B. Stuart Raiders defeated the Annandale Atoms 22-21. The Stuart fans were ecstatic. They swarmed onto the field screaming, "We're number 1!" The players themselves went crazy, throwing their helmets in the air, jumping around and carrying their coach on their shoulders. Yes it was the highlight of the year for them and they weren't afraid to admit it as they put the final score of the game on the front of their yearbook. All the Atoms did was shake it off and win the Virginia State Title. They never forgot the humiliation of the year before, however, and on September 7, 1973 they returned the favor.

It was a very warm night with temperatures in the upper 70's. The temperatures of the Atom football players couldn't be read on any scale, however, as each was sky

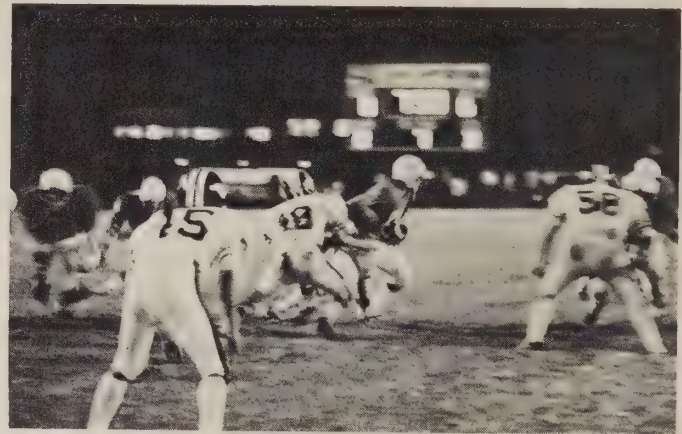

high to murder the Raiders.

Despite this the Atoms got off to a bad start. This was due almost entirely to mistakes caused by the over anxiousness of the defense and nervousness on the part of Sophomore Quarterback Bill Dobson. As a result the Raiders led 6-0 at the half.

But oh how sweet it was when the Atoms came out in the second half. The defense mauled Stuart runner Ray Friday and the Atom offense ran over their defense with fantastic blocking and the power running of, who else, Mike Lucido. It was this plus three very timely interceptions by Dale Babione and Jeff Belue, that led the Atoms to possibly their sweetest victory of 1973.

Edison Next Victim 28-6.

Phil & Don bruise a poor Eagle.

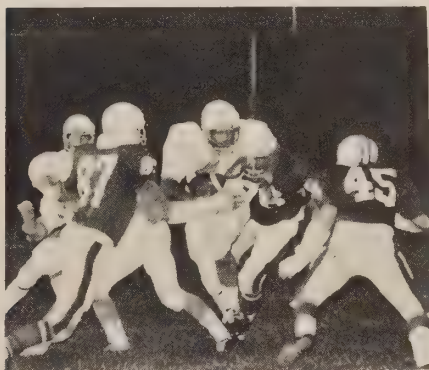

The second game of the year involved the Atoms and the Eagles of Edison High School. Prior to the game Mr. Hardage said "... all they have to do is knock off the BIG RED and you won't hear anything more about poor old Edison!" He was absolutely correct. The Eagles came to win. How unfortunate! When it was all over they had been smashed by a superior football team 36-6.

The tense moment before the snap.

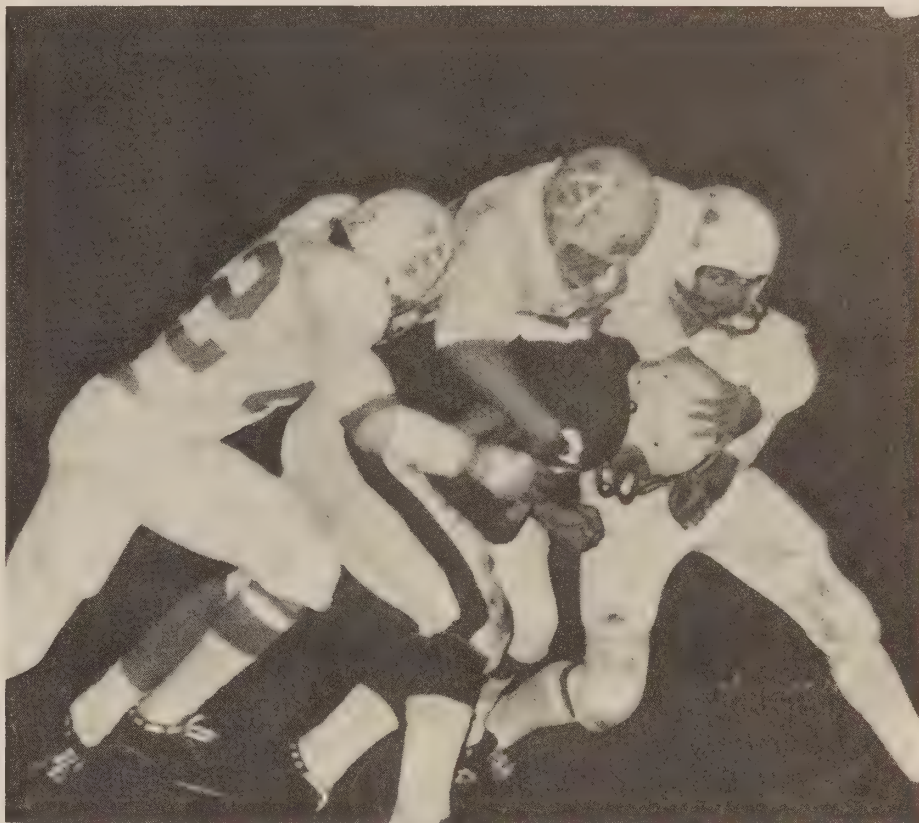

Hardage's Alma Mater Learns Hard Way.

Way back in the annals of time our fearless leader Coach Bob Hardage played quarterback for the Mt. Vernon Majors. Since then he has opposed them many times and never been beaten. This time proved no exception as the Atoms exploded in the fourth quarter to squash Mt. Vernon 38-14. The fourth quarter surge of 20 points was led by a John Novak interception that he carried 66 yards for a touchdown and a sparkling 37 yard run for a touchdown by Dave Prye.

Lucido blasts his way for a short gain.

Anderson, Bowen, and Pisciotta put the crunch on Mt. Vernon kick returner.

Atoms Tune Up for Robinson with... ...31-7 Rout.

The Falls Church Jaguars had not won a game at this point but amazingly had two things going for them. One was that the Atoms had never won at the new Falls Church High and two was the Atom's sloppy play that night. This made no difference, however, as the Atoms

simply shook off their errors and coasted to a 31-7 victory. The game was in the long run, very fruitful for two main reasons; one, the Atoms in seeing their errors got tuned up for the upcoming showdown with Robinson and two, Mike Lucido gained 194 yards.

Battle of Undefeateds Results in 17-7 Convincing of Robinson.

Kevin Patton and Phil Harmon stop Ram's John Lample for no gain.

At this point Woodson, T. C. Williams, Marshall, Robinson and the Atoms were the only undefeated teams remaining in the Northern Region. October 5th proved to be a night that would see at least one of the streaks brought to a halt as Robinson paid a visit to Annandale.

The game got off to a slow start with most of the action taking place in Annandale territory. Despite this the Atoms went in at the half with a 7-0 lead by way of a 15 yard Mike Lucido touchdown.

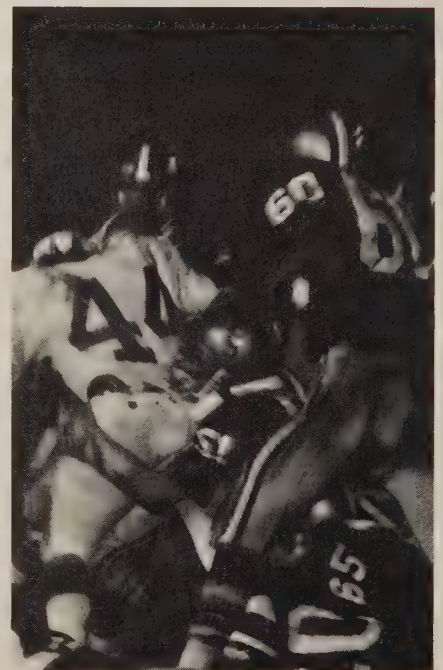

The second half picked up a bit as the Rams came out and scored right off. Later in the third quarter Art White made good on a 26 yard field goal and the Atoms seemed to come alive. From then on one could sense who was in command as the Atoms controlled the ball and capitalized on their scoring opportunities to win 17-7.

Atoms Big Enemy, "Over Confidence," in Shut Out of Cross Town Rivals, Jefferson.

Lou, Bob and Scott hold that line.

In a game in which running backs, Mike Lucido, Jamey Carayiannis, and Dave Prye gained over 280 total yards rushing the Atoms won 21-0. As a whole the game was a disappointment as the Atoms were plagued by numerous turnovers and could only muster -9 yards in the air. It would be the first shut out for the BIG RED on the year, but the defense had known better performances. The reason for the sudden mediocrity was undoubtedly overconfidence on the part of the Atoms. Once the team got over this handicap, however, the game was really no contest and the Atoms chalked up win number 6.

It takes 7 of them to tackle Mike.

School Spirit Helps Atoms to Trounce Herndon for Homecoming, 31-10.

Chuck and Lou help Mike to gain 5.

Until this point the football team could not be moved by the little support shown at pep rallies. The reason being that they were always held at sunrise and even if a player could get there he would seldom witness much enthusiasm. But how things do change!

At a pep rally held between 2nd and 3rd periods the support was fantastic. It was this spirit along with Bill Dobson enjoying his best night passing that gave the BIG RED the kick that was needed to win the 1973 Homecoming Game over Herndon 31-10.

Bandits squash some poor soul.

Wakefield Learns Why **"Big Red"** Is #1. November 2 Now Becomes D-Day!

Scavenger Jeff Belue returns interception.

Gerald sees a headache coming on.

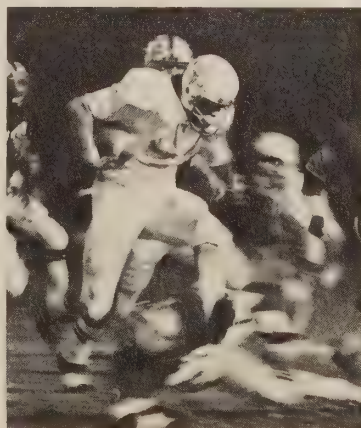

Babione returns punt.

Mike is off to the races.

In what was called by Coach Hardage as, "... our best all around effort this year," the Big Red Machine toppled the Wakefield Warriors 10-0. The game marked the end of Wakefield's hope for a playoff berth and was the Atom's 18th straight victory bringing their record to 8-0 on the season.

The game was characterized by the almost inhumane slaughter of anybody that laid hands on the football. The Atoms prevailed due to the area's finest defense. It was this defense, led by signal callers Don Hart and Mike Witter, that stopped Wakefield star running back Gerald Kemp to little or no yardage time and time again.

The only scores came on another in the long line of Arthur White field goals and a one yard touchdown plunge by Bill Dobson behind the "hold" of toughian Dick Adams. This was all that was needed, though, as the fighting Atoms prepared to meet the W. T. Woodson Cavaliers (8-0) in game of the century.

Why Lord?

The stage was set. Close to 20,000 people were in the stands, many more listening on the radio. There were two teams; one blue, one white. The blue team was the challenger, they were jumping around and hitting each other to get ready for the game. The white team was poised, they had gone this road before, for they were the defending Virginia State football champions.

The blue team scored very early. The white team took the ball down to a first down and goal to go situation at the blue team's five yard line, but failed to score. This did something for the blue team. They now believed they could win and win they did, 28-14.

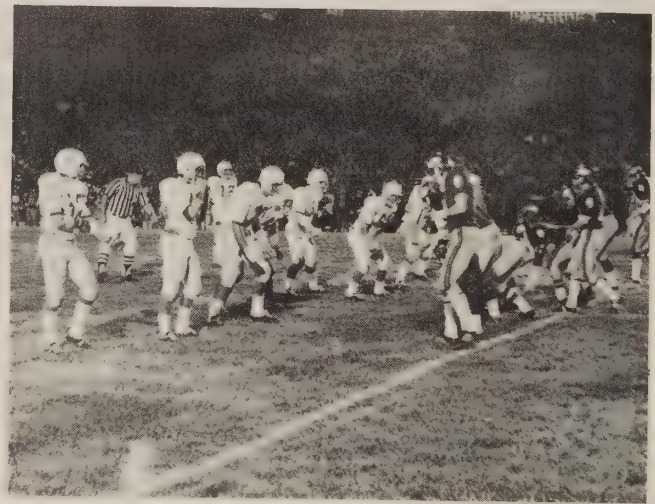

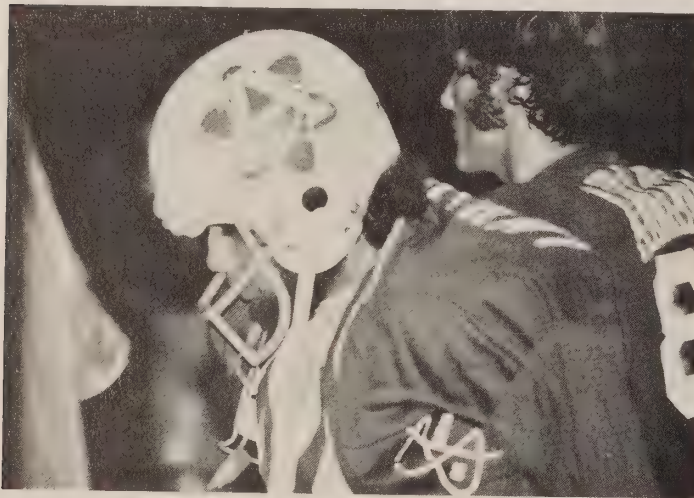

After 18 straight victories and a State Championship it was all over. The Annandale Atoms would not repeat, would

not go undefeated, would have to accept being second best.

Some of them cried, most waited until they got home then cried and others just went into a state of shock. Anyway one looks at it though, each member was crushed emotionally.

What happened?

Some blame the Coach, some point the finger at the attitude of the players, and still others try to pinpoint certain plays. The truth is, is that the blue team played a 99% perfect football game. They had one fumble (after a 40 yd. run) and one penalty. The white team played only a 90% perfect game and the result was one that will not soon be forgotten.

Atoms Worst Effort Brings More Misery 12-0.

The coaches did all that was possible to revive the spirit that was prevalent prior to the Woodson game. It was to no avail, however, and the Atoms went out and beat themselves 12-0 in a game against Fairfax.

There was no question that Annandale was the better team physically, but when a great number of individuals lose the fun of the game and just plain don't give a damn then they don't deserve to win. It was without a doubt the worst Annandale effort in 4 years and did it show. There were enough interceptions, fumbles, and penalties to about outnumber the total yards gained.

What a way for the Seniors to say "Adios" to Annandale football, a loss to Fairfax! Again the final score Fairfax 12, Annandale 0.

Sign of the times: Turnovers!

Eight Wins and Two Losses Is Good, But So Is Kissing Your Twin Sister!

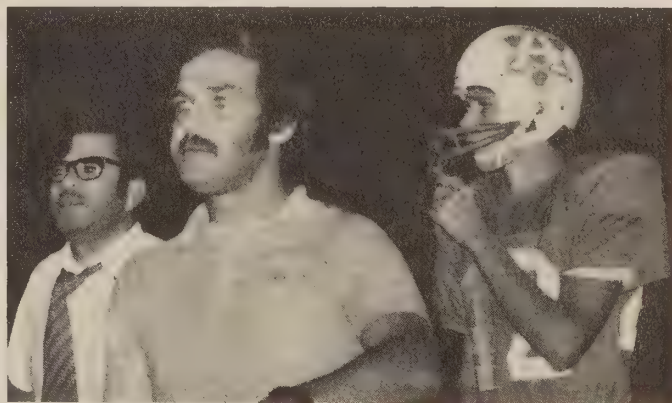

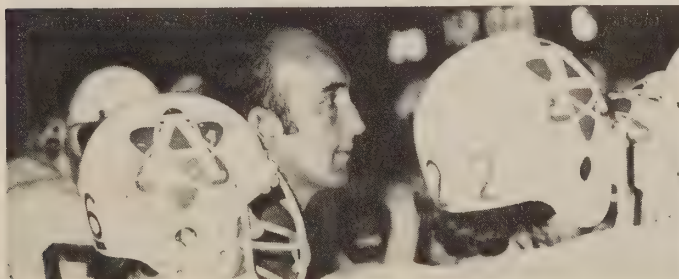

To think back on 1973 the normal reaction would be to get sick to the stomach. The reason is, that the Atoms came so close but were so far away. With a record of 8 wins and no losses there were thoughts of a second straight State Title in the minds of just about everybody. Suddenly the Atoms lost a game that wasn't really beyond grasp and fell apart. As a result the "Big Red" lost to lowly Fairfax and the season went to pot.

So many will say, "Why not be happy with an 8-2 record?" The reason is there is too much pride at Annandale to accept anything less than being number one.

What can be remembered then, from the 1973 football

season? Beating T. C. Williams in a scrimmage, getting revenge over Stuart, beating Robinson, Gerald Kemp, coming home from Wakefield singing "Woeeeeo", chewing tobacco, atomic balm, "root hog or die", throwing Queses out without any clothes on, being number 1 for awhile, Mel Collins, the Woodson fans singing "Hey, Hey, Good-bye", "the squeak of toughness", and much, much more.

With all this there are also things to look forward to. Such as 26 returning lettermen, good J.V. and Freshman players coming up and the ever present return of Coach Hardage. With this combination plus the great amount of spirit amongst this years underclassmen it looks like the cry "All the way to state!" will return in 1974.

J.V. Puts It Together for 5-1-2 Season.

Annually the Annandale High J.V. football team had been known as a pushover amongst Northern District opponents. This seemed to change, however, in 1971 when Coach Dave Carter took the helm.

The improvement paid off this year as the Atoms finished with a 5-1-2 season. The team was sparked by an excellent defense led by Juniors Mike Coyne and Bruce Fox, and a passing attack which featured many fine wide receivers and quarterback Terry Brown. The team provided eight very exciting Thursday nights for their fans as they went undefeated until dropping the season finale to Fairfax. So as a result Annandale fans can look for another excellent Varsity team in 1974.

Walton's First Season Proves Successful.

Since about 1960 Mr. Wallace Bolding had been the Freshman Football Coach at Annandale High School. 1973 was the first year since that time that he had not. The man in charge this time was Mr. Charles Walton and with this man behind the wheel the Baby Atoms enjoyed an excellent season, finishing 4-1-1 on the A level and 4-0 on the B level.

The defense was strong, allowing only about 5 points per game, and the offense, after a slow start, came to life and averaged about 16 points a game.

Cross Country Takes 2nd in District

The 1973 Annandale High Cross Country team enjoyed yet another successful season as they ran to a 5-1 record. From here the team placed second in the District meet and sixth in the Regional meet.

The Atoms were led, as was the case for the two previous years, by John Szarek, a senior, who over his three year career helped to carry the Atoms to many a victory. Although Szarek was a very necessary part of the squad, the team also highlighted five juniors and a sophomore. With that many underclassmen returning next year and that kind of record this year, the Annandale High Cross Country team should be a strong contender for the 1974 Northern Region Crown.

The Varsity Hockey Team ended another successful season with a record of 5 wins and 3 losses. Winning against Jefferson, Stuart, Falls Church, Fairfax and Fort Hunt, their only losses were posted against Langley, Robinson, and Woodson. The team has high hopes for next year as all players except center-forward, Becky Rowlands will be returning.

The JV Squad approaches the goal.

The JV Hockey team composed of five Sophomores and ten Freshmen ended the season with a record of 4 wins, 2 losses and 2 ties. Being an inexperienced team, the players performed well under strong opposition from Woodson, Jefferson and Robinson. They finished the season second in the district behind Jefferson, who just beat Annandale in the last few minutes. Next year should bring excellent results with most of the players returning.

Girls Varsity Tennis

Michelle and Susan practice for the next match.

To the coaches and players of the Annandale High School football squads there are always many distractions during practice, such as heat, cold, dust, etc., that hamper the learning process. The largest distraction, however, was that group of very attractive young ladies that come out every afternoon to practice the game of tennis.

Of course, this is the Girl's Varsity Tennis Team. A team that in 1973 could only bolster a 3-6 record during the regular season, but managed to send three doubles teams and two girls as singles to the District Tournament.

So after a finish such as what they had and eight of the twelve team members returning in 1974, the Annandale Girl's Tennis Team has much to look forward to.

Basketball Team Regains Respect

One of the main goals of this year's basketball squad was to live down the idea that Annandale b-ball was dead. From the start they proved that theory wrong very effectively.

The squad, led by seniors Doug Byrne and Ken Luhman gangbusted to a 9-9 record and enjoyed many rewarding moments during the season. These included two victories over Woodson, and a very refreshing nip of Fairfax in the first round of the No. District tournament.

Week after week the Atoms supplied their fans with very exciting games, as the red gang was involved in 4 over-

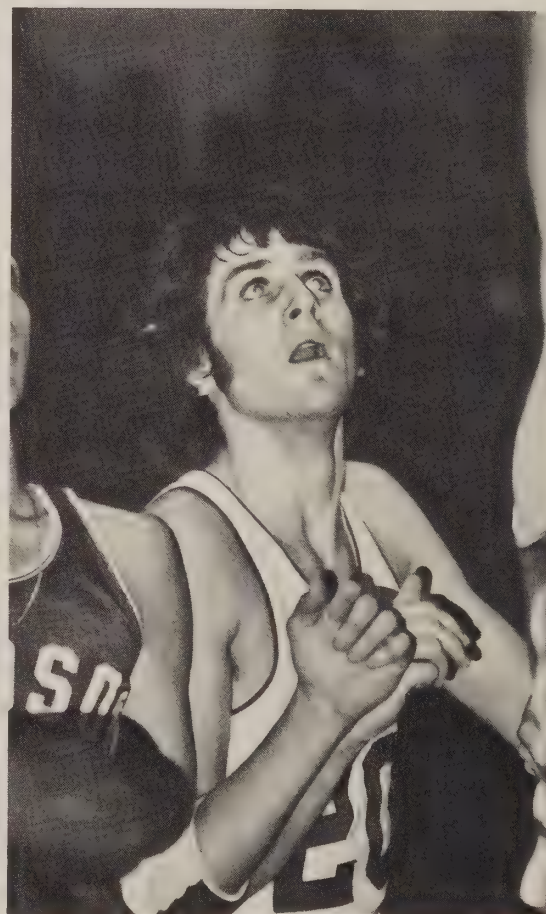

time contests and a total of 8 games decided by less than 3 points. This plus the All-District performances of Byrne and Luhman gave Annandale fans much to cheer about during the winter.

The team was led by Forwards Doug Byrne, Jocko Scharfen, Rob Anderson, Kent Berner, Tim Nasworthy and Mark Sohasky, Centers, Eric Hembree and Chuck Beekman, and Guards, Ken Luhman, Tom McMillen, Dave Horton, and Paul Prohoniak. These young men plus Coach Smith's loyal assistant Gerry Hensen regained the respect that was once Atoms Basketball!

It was a long season for those individuals involved with the 1974 Anandale High Junior Varsity Basketball team. The squad, coached by Mr. Charles Kelly, could only muster victories against Ft. Hunt, Edison, and Robinson. They finished with a 1-13 District record and 3-16 season overall.

The problems seemed to be in a lack of quickness amongst the big men and lack of size amongst the quick men. This plus an inability to put points on the board kept the Atoms from reaching the 60 point plateau but twice.

The 1974 "Baby" Atoms stormed into the season boasting one of the Districts largest front lines and an entire squad of very determined young men. They had the ruggedness and hustle that befits a Robert Hardage team and finished with a 7-6 record. With that the class of '77 offers much hope for future Varsity teams.

1974 proved to be a gloomy year for Coach Rick Radman and the rest of the grappling Atoms. With a record of 0-10 and nobody reaching the District finals, this year will be remembered as a year to forget.

In the late sixties Annandale was a powerhouse in Northern Virginia wrestling. With the addition of Coach Radman many people were foreseeing a return to those days. However,

Mr. Radman could only coach; it was up to the wrestlers, themselves, to get in shape and to develop a winning attitude. This was not done effectively, thus an 0-10 record and a last place standing.

So once again we have to look to next year. Whether or not the Atoms improve will be up to the wrestlers, themselves.

The A-Blast Informs

Once again, the award-winning A-Blast provided the Annandale student body with news on school and community. The Co-editor system appeared to be the accepted way as both the Antenna and A-Blast switched to it from previous years with seemingly good results. Co-editors Kathi Rechin and Paul Jordan, both with two years of journalism under their belts, led the paper in new avenues of literary experimentation this year as the overall format was changed and new and separate themes were attempted and achieved for each issue.

The paper discussed issues on a wide spectrum concerning resultant innovations of Annandale's 20th anniversary and dedicated an entire discussion to the anniversary itself.

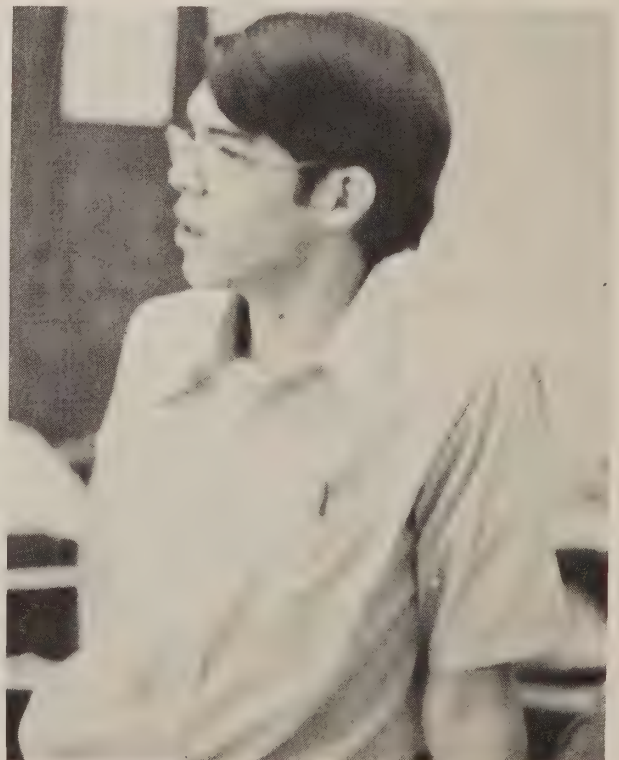

The staff, as was the case with last year's, was an excellent mixture of experience and new-comers. The staff sponsor was Mrs. Dorothy Olin.

Once upon a time there was a staff. They got together, for they were the getting together type. What were they getting together for? Someone exclaimed, "We have poems to write, we have stories to edit, and we have pictures to draw!" In this sudden burst of creative energy, they produced a calendar and a literary magazine. Fearless leader Laura Cope guided the staff through its stupor, assisted by sponsor Ms. Barbara Aspinall.

Choral Department

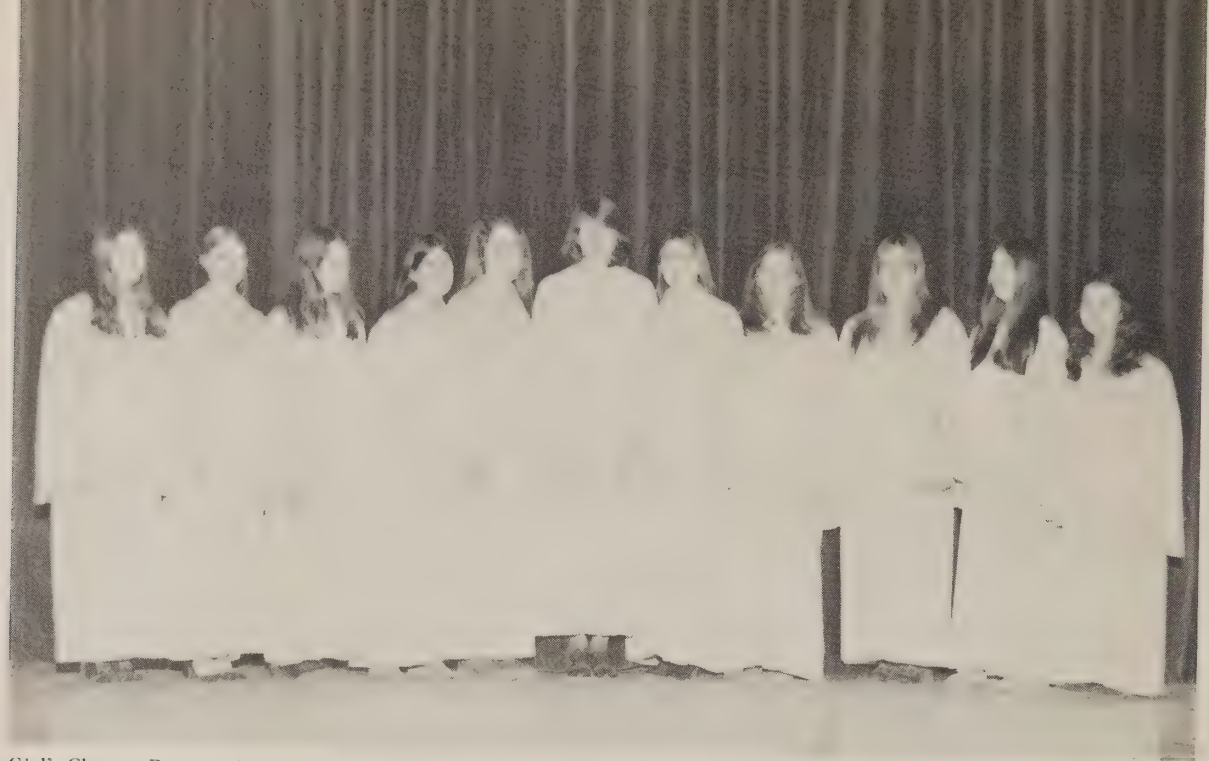

The Annandale High School Choral Department was composed this year of A'Capella, Girl's Ensemble, Girl's Chorus, and Freshman Girl's Chorus. A'Capella performed for the Chamber of Commerce at the Il Castello restaurant in Annandale and at Annandale Elementary School for the children at Christmas. These choruses were supposed to give a concert and an assembly at Christmas, however, due to a giant snow blizzard, these activities were canceled. The Choral Department looks forward to another year full of concerts and various other activities.

A'Capella: John Eggerton, Jean Willis, Glen Tobias, Joe Turner, David Kreber, Cynthia Richter, Lynn Johnson, Nancy Bell, Wende Boardman, Diane Duncan, Ellen Gastoukian, Jeffrey Landrum, Kathleen Rechin, Rebecca Rowlands, Nancy Russo, Robert Sykes, Jeanine Thiede, Diane Williams, Deborah Bianchi, Kirsten Duesterdick, Cary Elder, Arthur Farren, Lisa Flack, Donna Lessner, Cheryl Pribbeno, Larry Swanson, Rebecca Wayland, Herbert Babb, Richard Bates, Peter Crawford, Meta Lau, Richard Mehlfelt, David Farmer.

Majorettes find shelter from the cold.

Annandale's Majorettes, captained by Senior Laura Heck, provided the school and its teams with a source of spirit and inspiration. The team participated in pep trains and assemblies. The seven member team added a touch of class to the already impressive menagerie of teams and clubs at Annandale this year.

Standing: Leanne Gilden, Kim Arnold, Janet Sennet, Becky Heck, Debbie Allen. Kneeling: Sandy Hutchings, Laura Heck, Captain.

The Drill Team has kept up with the growing spirit and enthusiasm of A.H.S. Both the sponsor, Mrs. Weaver and president, senior Dee Dee Duncan feel that the team is more military, more united this year.

Five of the eighteen members are seniors and two of the seniors are officers (Senior Captain, Dee Dee Duncan and Senior Secretary, Gloria Carducci.) There is, however, depth in the leadership with Co-captains Susan McChristian, a junior, and Bonnie O'Day, a sophomore. We can look forward to the fine performances of our Drill Team for years to come.

At the Woodson competition the team took four 1st place trophies. One in each of the categories of Dance, Poms-poms, Props, and Best-All-Around.

ATOM BOOSTERS

Band Boosters Work Enthusiastically.

Along with holding various fund-raising activities for the support of the band department, the Annandale Band Boosters during football season manned the concession stands from five o'clock until ten o'clock. Devoted to their work, the boosters hosted their annual banquet to congratulate the performance of the band, majorettes, and drill team. The banquet was held in the cafeteria, where individual band boosters, and Mr. Doster, head of the music department lauded their achievements. The band was awarded many trophies for their outstanding performances during the '73-'74 season.

SCA Combats Apathy

Despite problems of student apathy, the SCA had a successful year. New electric water fountains were added to the halls, and a new parking lot was constructed in front of the school. The long awaited sidewalk behind the school was finally completed, and a new chain link fence went up with it.

Loraine Brown helped solve the problem of student communication through the system involving first period senators. With student support, a twentieth anniversary assembly and a special anniversary dance were held.

SCA Sponsors Assemblies

Many student body assemblies were sponsored by the SCA this year, along with their monthly SCA meetings. At one of the first of these meetings, Brad Shipp and Mr. Darrell Fleming spoke on the smoking policy and school board activities. Headed by Tim Nasworthy, the annual Mag

Drive helped raise the necessary funds for school improvements and class activities.

The SCA helped give the freshman class a head start by conducting their class elections. All the classes were given assistance from the SCA.

Pep Squad; a Rebuilding Year?

Annandale's Pep Squad apparently lost something in the area of activities as they were not seen regularly at games or participating in the infamous A.H.S. pep trains which became a popular ritual for Friday afternoons last year. Mrs. French, a first year English teacher at A.H.S., sponsored the Squad this year. But where was the squad? Where and how did they promote all the spirit? Well, perhaps we can call this by a pet phrase of the Alma Mater, a rebuilding year?

younglife . . .

Monday nights were something to look forward to for many Annandale students. It was a time to get together, sing songs and share thoughts. Skits provided an opportunity for student involvement and entertainment. Scott Dimock contributed the leadership necessary for a spirited club. Young Life not only involved Monday nights but weekend trips to Hilltop and Virginia Beach and many various summer camps scattered throughout the U.S. All in all Young Life helped the students develop a greater knowledge of Christianity.

Campaigners, an outgrowth of Young Life, was a smaller, more intimate group of students interested in furthering their understanding of Christ and discussing their personal conflicts. The girls were coached by Cathy Menger and Betty Petersilia; the boys by Scott Dimock.

The Keyettes . . .

What exactly is a Keyette? A common question for Annandale's youngsters. The Keyettes form a service organization to stage and carry out projects to assist both school and community. Under the leadership of Sponsor, Mrs. Cassidy and President, Cheryl Settlemyer, the club has shared in activities such as therapy, clean-ups of the football field, skits for assemblies and pep rallies, car washes, District meetings once a month, and decorating for dances.

The basis for judgment of eligible candidates includes enthusiasm, willingness to serve, character, and availability of personal time for club activities.

Key Club "Commits Itself" to School & Community

1973 proved to be a vintage year for Annandale's most active service club.

First and most important the membership was increased from 25 to just under 70. This enabled the club to have a greater number of members at various activities thus making for a more effective Key Club.

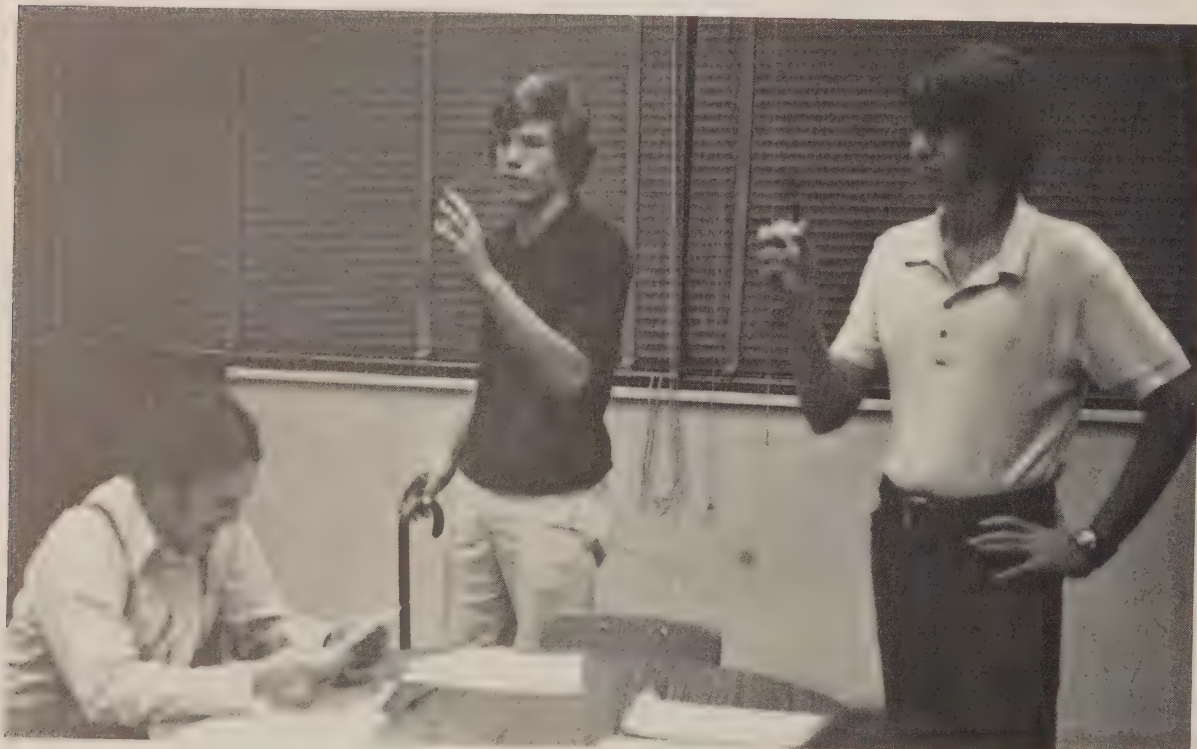

Relations with Key Club International and the local Kiwanis Club were improved so as to bolster the Club's effectiveness in the community. This was apparent at the inductions ceremony especially, where the

Kiwanis Club inaugurated their officers at the same time the Key Club admitted their new members.

The Club also held a seminar early in the year to give Annandale's young men a better idea of what the Key Club was all about. Under the leadership of President Gerry Hensen the club was very successful in the other activities which they participate in yearly. These included such events as the Sweet-Heart Dance, cleaning up the football field and raising money for the March of Dimes.

FAC—Our Future World Leaders?

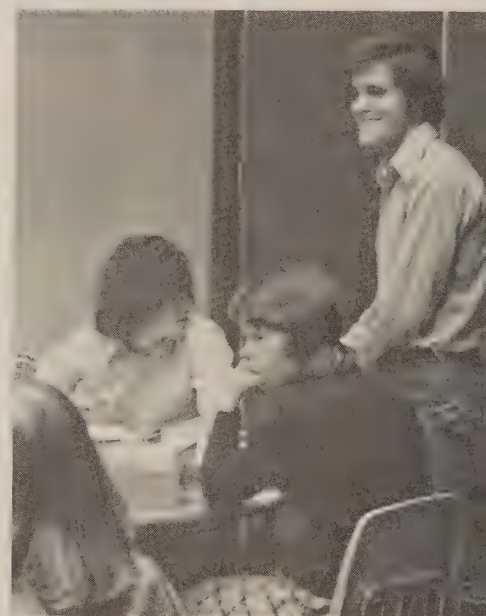

In such perplexing times, when world-wide communications often seem inadequate, it is encouraging to note that there is wide interest in international affairs among high school students. The Foreign Affairs Club provides concerned students with an opportunity to share such interests. FAC members assemble themselves into a "model" United Nations Security Council. Through this method, the members are able to express and discuss the varied positions of the many countries belonging to the United Nations.

This year's delegation participated in several model U.N. discussions; the Harvard University conference held in Cambridge, Mass., the Fayman conference, and the North American Invitational, held in Washington, D.C. The FAC also plans to attend the AMSEC assembly, held annually each spring. The Foreign Affairs Club hopes that through its work, it may have contributed in some small way to peace and better understanding of foreign policies.

Debate Team Argues Current Topic—Resolve Federal Government Should Guarantee a Minimum Income to Each Family Unit

Each year, the Debate Team offers students with outstanding speaking ability, a chance to represent and debate a current issue. The '73-74 topic selected for the Virginia High School Debate League was "Resolve Federal Government Should Guarantee a Minimum Annual Income to Each Family Unit." The members of the Annandale Debate Team, under the sponsorship of Mrs. Rao, have researched and organized their positions on this topic since August. The format of a debate requires three pairs of debating students. The AHS Varsity team is divided into partners as follows: affirmative, John Donnal and Conron Dyche; negative, Cathy Midkiff and Dix Dixon; switch, Kathy Piraino and Richard Fruchterman.

The debate season, beginning February 4, consists of six District meets and a Regional meet. A flip of a coin, that determines which partners will debate, begins each meet. Each team voices their argument for eight minutes, followed by three more minutes used by each team for any necessary clarifications. A four minute rebuttal concludes the discussions.

Although the AHS team lost several experienced members through graduation, this year's team looks forward to another successful season.

Debate Team: Varsity; Dix Dixon, John Donnal, Conron Dyche, Richard Fruchterman, (captain) Cathy Midkiff, Kathy Piraino. Jr. Varsity; Margaret Bell, Carl Corrigan, Robert Fruchterman, Charles Menickelly.

MATH TEAM

The 1974 Annandale High Math Team, consisting of four seniors, four juniors, and four sophomores had a quite successful season this year. Led by three year veterans Brian Nield, Alan Weakley, Doug Fowley, and Tom Murri, the team won a top place in the county. According to Mrs. Ramay, sponsor of this year's team, the large number of sophomores and juniors indicates a fine team for next year too.

American Field Service

The Annandale High chapter of the American Field Service, commonly referred to as A.F.S., sponsored two students this year as Paul G. Capella from Germany and Savina De Torcy from France were both invited to come spend their senior year in the U.S.

The club sponsored by Mrs. Frances Morgan supported their own efforts by sponsoring two successful money drives during the year. One, the International Dinner, drew many people for a quite enjoyable evening. The second, a Tootsie Pop sale, went over big as well. It is for these efforts that the members of the 1974 A.F.S. can look back on this year with pride.

The Thespian Society, an international organization dedicated to the Theater Arts, is comprised of students who have assisted in major stage productions, be it acting or any other involvement such as stage crew, make-up, or advertising. Applicants must acquire ten points earned through these various activities to be considered for membership. Among several advantages offered to Thespians are scholarships and tickets to local shows at reduced rates.

The creation of the visual effects contributing to the success of an actor in stirring the imagination of his audience is a job placed on the shoulders of the hard working stage crew. Through their efforts in constructing sets, props, and effective lighting, further enjoyment is added to the illusion which the actors are trying to project.

FBLA and FTA Prepare

The Future Business Leaders of America was recently organized in the Steno I, Steno II, Clerk Typist I, Office Practices and Procedures and General Business classrooms. Service, education, promotion, social and fund raising were the five major activities of this group. The main goals of FBLA were to improve and establish standards for entrance into business occupations and develop competent, aggressive business leadership.

The main activity of the Future Teachers of America was teaching and tutoring students in various elementary, junior high and high schools. Guest speakers visited the meetings which were held every Friday and they explained to the 25 members different techniques of instructing students. Several club members specialized in fields such as handicrafts, music and physical education.

FTA members listen intently to guest speaker, Mr. Paul Sullivan.

Pins and Needles

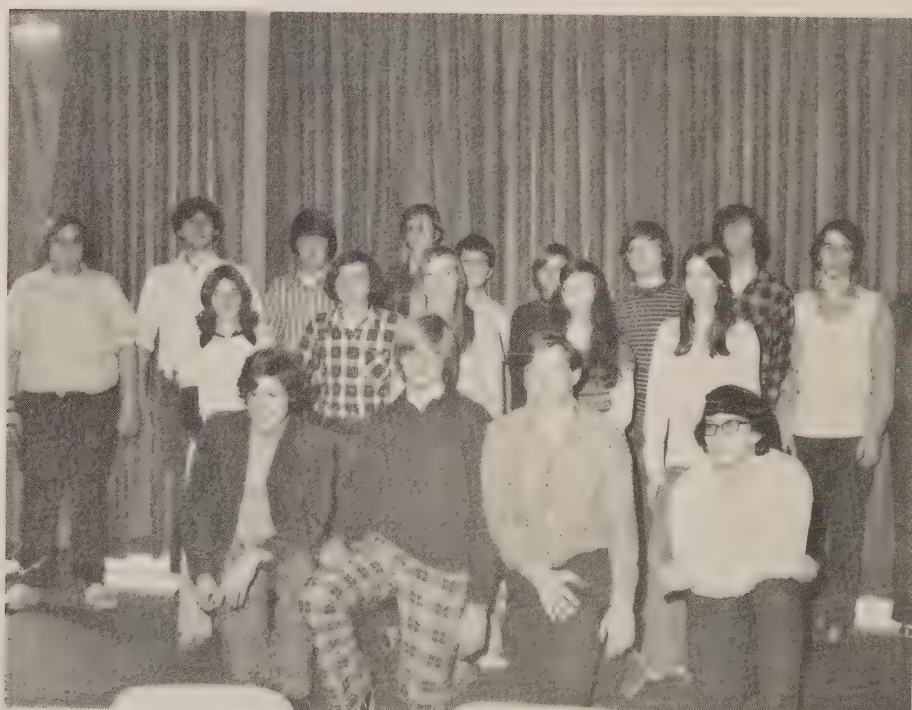

Meetings of this year's Home Ec. Club were held in room 112 twice monthly. The club whose purpose was to further interest in Home Economics while developing individual interest in the domestic arts could be found involved in many worthwhile projects this year. Along with such projects as candle making and cooking demonstrations, the club initiated service projects. The girls made twenty-one stuffed animals which they then gave to Childrens' Hospital. Various career speakers spoke to the club throughout the year. According to president Sharon White, it was hoped that sometime during the year each girl would participate in an activity especially designed for her interests.

Pins and Balls

Each Tuesday at 3 p.m. at Annandale Fairlanes the A.H.S. Bowling Club meets sponsored by Miss Stidley, Mr. Stevenson, and Miss Haase. The eight teams of three rotate in cycles competing against one another. At the end of each cycle, trophies are awarded to outstanding participants. The teams battle it out all year long and welcome any new members desiring to improve their game.

A Meeting of the Minds

Each afternoon in room 111, students can be found engrossed in a chess game. Unlike other organizations, attendance is sporadic and those present are there because of a unique desire to play the game. Though the group does not consider itself a club, they do participate in tournaments with other schools. The game brings all ages together and all interested in playing are welcome to 111. The only requirement; love of the game or a sincere intent to learn.

TO LEARN

Twenty years ago an institution which was to change the course of the lives of many young people opened its doors. This institution was Annandale High School. A secondary school of the highest quality and standard.

Seventeen years ago the aforementioned institution underwent a change; a change which would itself change the course of the lives of many young people. This change came in the person of Mr. James G. Finch.

But Mr. Finch is no longer new to Annandale; he and the high school have become analogous and synonymous terms.

Annandale, now the oldest school on its original site has, through the tireless efforts of Mr. Finch, become a school of manifold advancements. The elective courses, the variety of subjects, and the freedom from chaos lead the list of achievements to be pinned on this man's lapel. But there are material benefits that the student body can reap from having a principal such as Mr. Finch. The media center, for example; a multi-purpose, air-conditioned labyrinth of helpful creativities, open to all students, for use throughout the day. Consider the comfortable library which lies at the heart of AHS. And forget not that Mr. Finch provided a room in which to construct the book from which you now read.

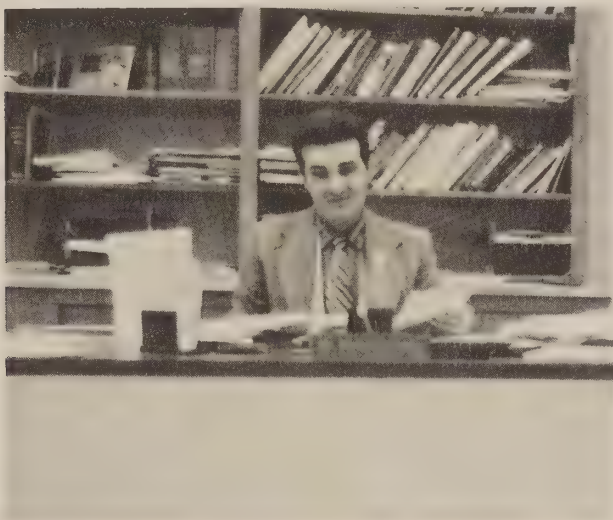

Complaints and disgust have been voiced concerning Mr. Finch since he began serving Annandale, but the voices raised came from people who have not the maturity to appreciate those who are sincerely concerned with their growth.

Our Man Finch

Taking the place of Mr. Siemens this year was Mr. Fleming. In holding the office which enforces discipline, Mr. Fleming tried various methods to bring Annandale's "class cutting" under control. Also assisting Mr. Finch in running the school are the assistant principals Col. Clarke, Mr. Eakin and Mr. Pattisall. All these men put forth much needed effort in working for Annandale High School.

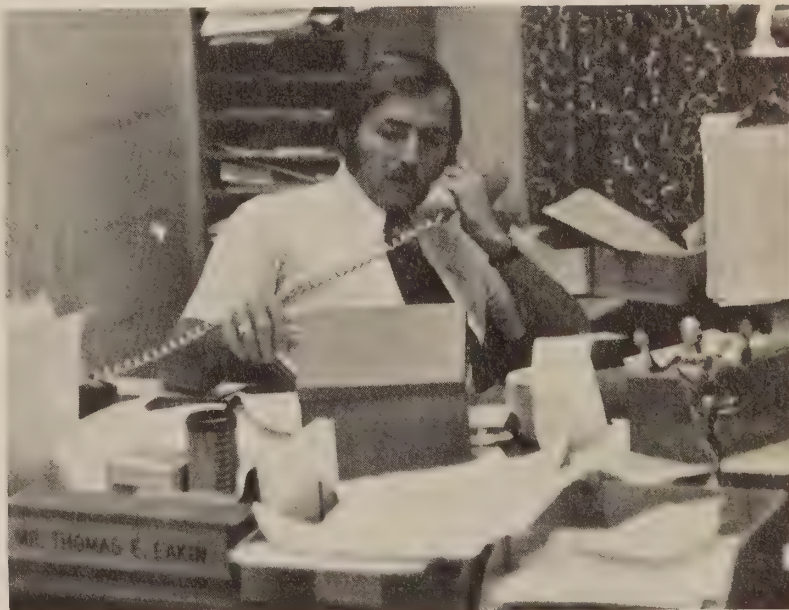

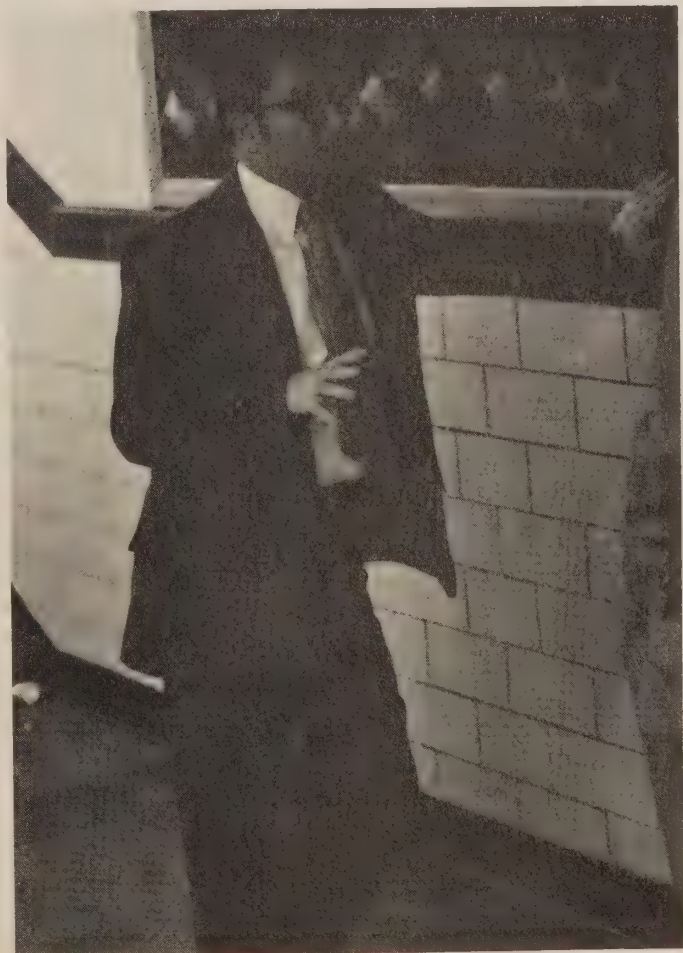

Fleming: Latest Addition To AHS Administration

Mr. Eakin, hard at work.

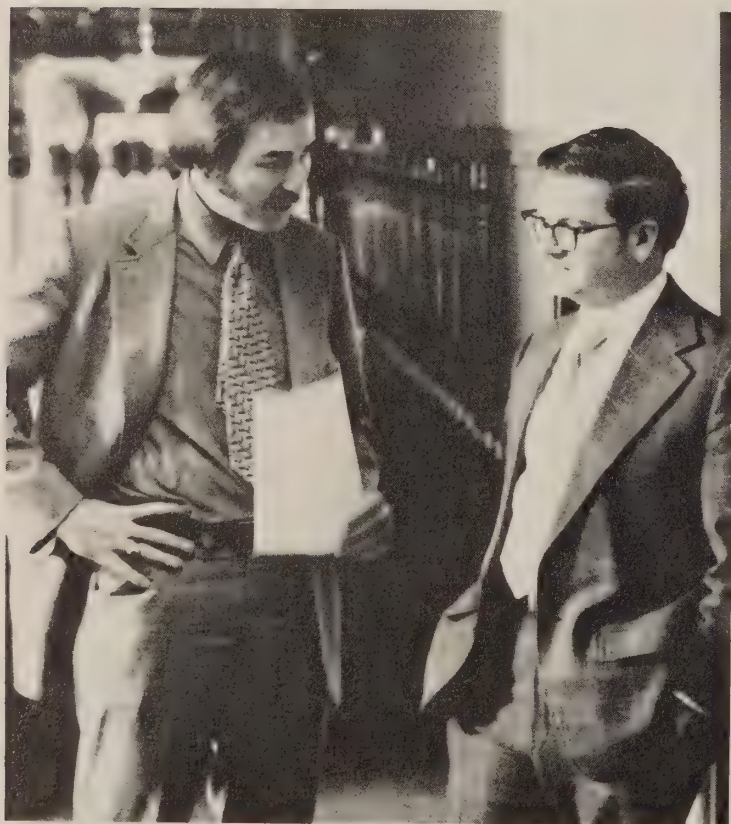

Mr. Pattisall explaining his views.

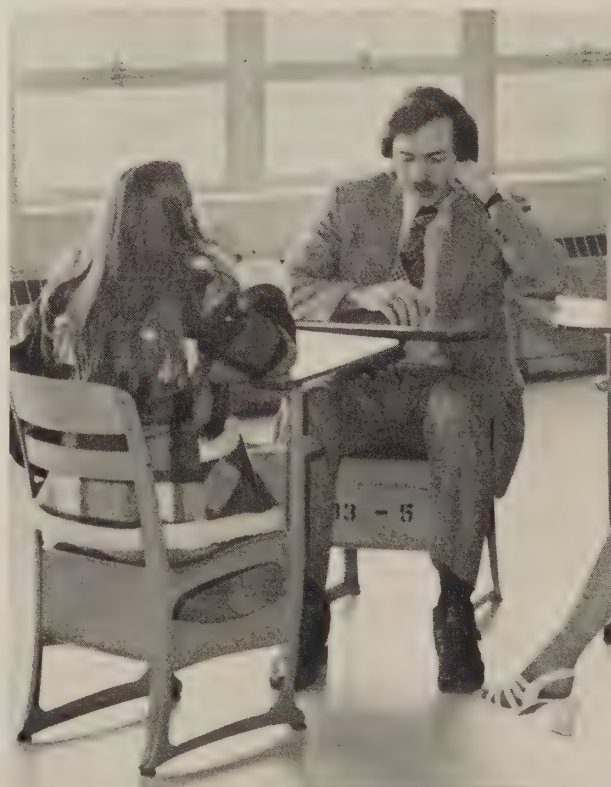

Colonel Clark discusses another problem.

Mr. Fleming looks for an answer.

Mr. Eakin is very helpful.

Counselors Aid Students

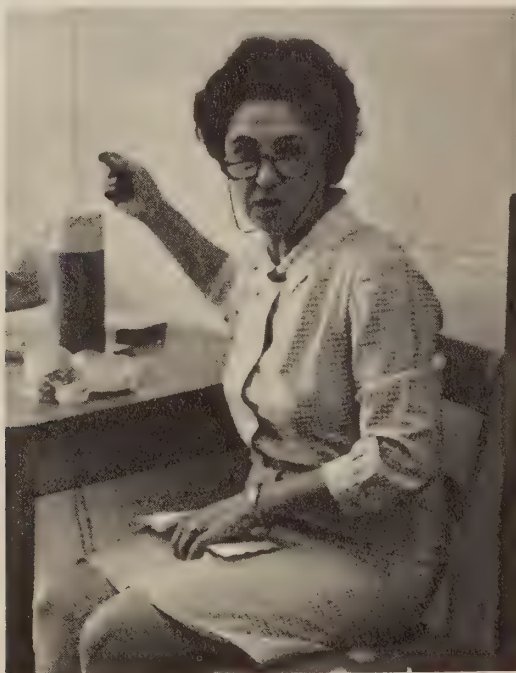

As in the past twenty years of Annandale, A.H.S. has upheld its tradition of a well staffed guidance office. The program which was instituted last year, and has been carried through this year enables the students to register for an appointment with their guidance counselors at a convenient day and time. At these appointments students discuss with their own particular counselor their schedules and future plans.

Mr. Gill greets everyone with a smile.

Secretaries—a Job Well Done

Mrs. Shear says "I don't want any."

Mrs. Lees is constantly busy.

Mrs. Brown has a pleasant smile for everyone.

Mrs. Simmons, finance secretary.

Media Center Supplements Education

Mrs. Oakerson labors over the light table.

In its second year of operation, Annandale's Media Center, headed by Mrs. Lin Oakerson, enriched the education of the students through the well equipped production room and comfortable lecture areas. Visual and audio aids, such as transparencies, filmstrips, slide shows, and tape recordings, which added interest and variety to classroom teaching were easily assembled by teachers with the help of specialized equipment. Students were encouraged to use the equipment in the production room as long as they provided their own supplies. The carpeted lecture rooms with ample blackboard space make up the other half of the Media Center. Used for showing movies, lectures, individual study and a host of other activities, the comfortable, airy rooms provided a welcome break from stiff, stuffy classrooms.

Creigh Tompkins works in the dark room.

The Media Center covers a wide area of topics.

CLASS of '75

Kurt Schumacher, Debbie Lamm, Jerry Brown and Renee Ard led the class of '75 to a noteworthy year of good fortune and prosperity. A series of money-making soc-hops led the way to success. Class and school spirit rose to new and formerly unknown heights as the '75ers tasted for the first time the sweet superiority of upperclassdom. Unity and the aroma of togetherness permeated the class. Annandale's graduating class of '74 comfortably leaves the school and their position in the hands of these hard-working enthusiasts.

Endings and Beginnings

Mrs. Sondra Drutz (7 years at AHS) better known as Mother Nature; bridge.

Velma F. French (1 year at AHS) meeting new people, reading, walking. "Everyone has some good in him but one has to look for it sometimes."

After ten years of service, Mrs. Sondra Drutz surprised and saddened Annandale High School as she accompanied her husband to Colorado Springs, Colorado, early in October. Although equally startled by the sudden move, Mrs. Drutz spoke gratefully of the many people and memories which had made AHS special to her.

Mrs. Drutz' absence left AHS minus one English teacher. The English Department was extremely fortunate to gain Velma French as her replacement. Mrs. French was one of the four new teachers to join the department. AHS welcomed the spirited attitudes of Velma French, Jean Boyer, Lois Rao, and Jane McConell.

Mrs. Jane McConell (1 year at AHS) music, tennis, guitar.

Mrs. Jean R. Boyer (1 year at AHS) yoga, horseback riding, swimming.

Mrs. Lois Rao (1 year at AHS) sewing, crocheting, cooking.

Barbara Aspinall (10 years at AHS) "beach", bridge. To quote Bartleby, "I prefer not to," or better yet, to quote Thoreau, "If a man does not keep pace with his companions, perhaps it is because he hears a different drummer. Let him step to the music which he hears, however measured or far away."

Marily Bransom (10 years at AHS) reading, needlework.

Barbara Ann Finch (11 years at AHS).

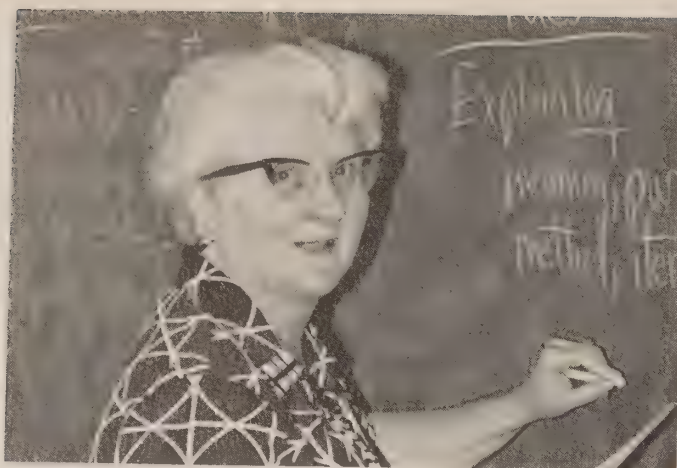

Mrs. Donna Porter (5 years at AHS) sewing "Why not?"

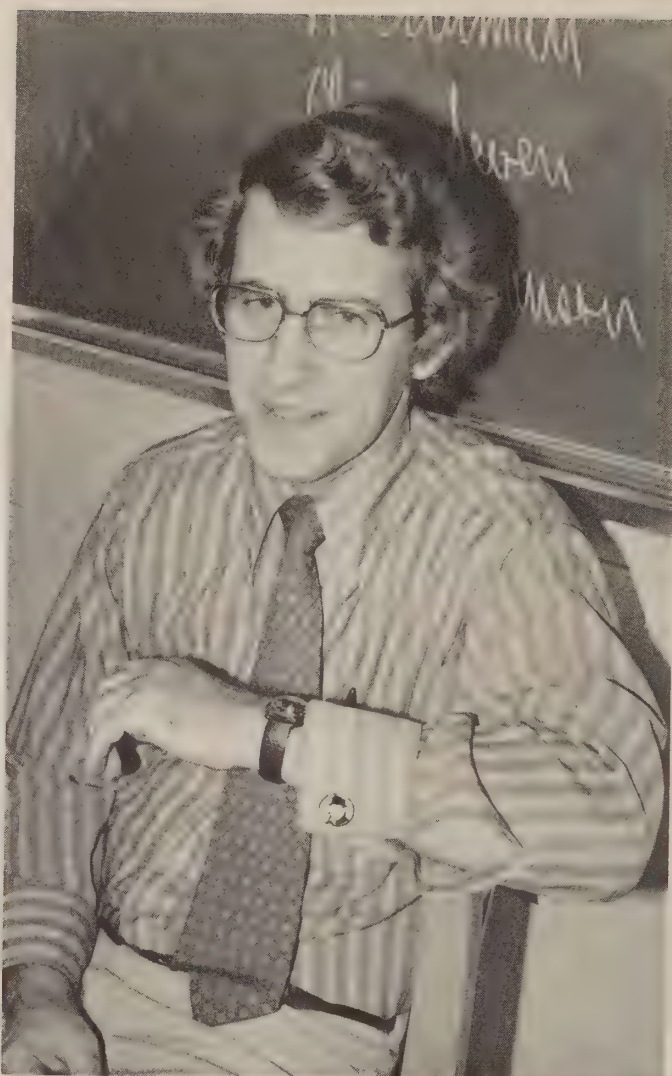

J. Wallace Bolding (20 years at AHS) aquatics, coin collecting, camping; "I had no shoes and complained . . . until I met a man who had no feet."

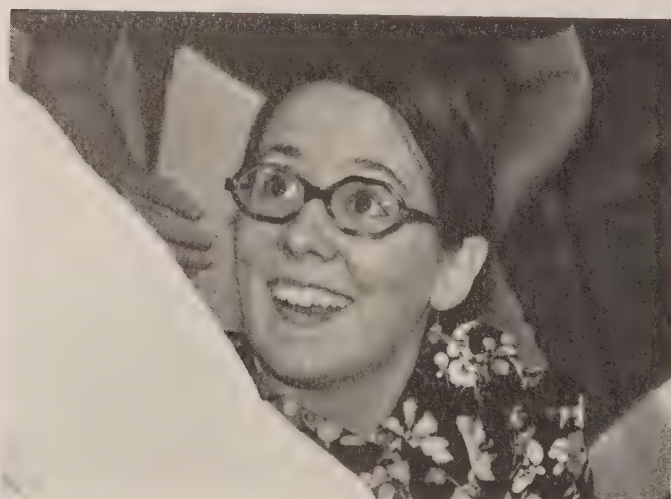

Mrs. Helen Nelson (7 years at AHS) antique hunting, fishing, golf, baseball.

Betty Jean Keenan (10 years at AHS) horse races, theater, rapping; "God so loved the world that He gave His only beloved Son."

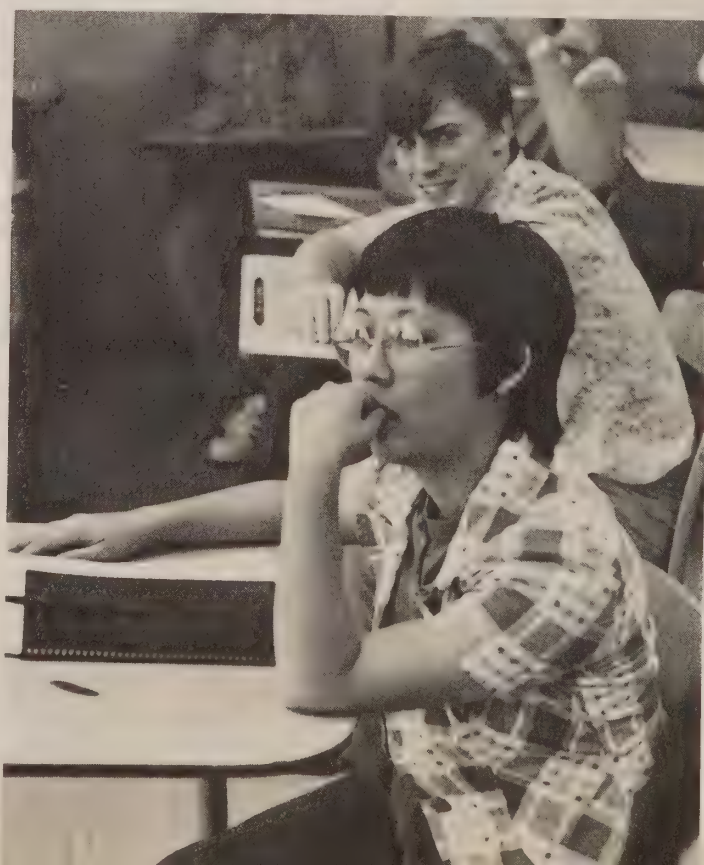

Mr. Charles Strange (8 years at AHS) transcendental meditation, music, reading.

Mrs. Jan Tarasovic (2 years at AHS) common causes, sewing and other crafts; "Celebrate!"

Marion MacLean (2 years at AHS) back packing, making bread and candles, transcendental meditation.

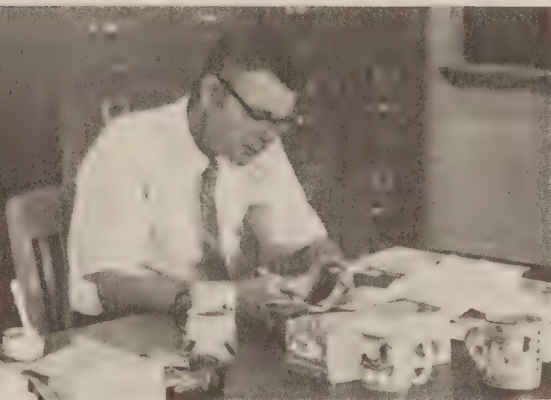

Sheri Maeda (2 years at AHS) woodworking, yoga, pottery.

Mrs. Peggy Hamm (3 years at AHS) traveling, painting, tennis; 1976 class sponsor.

Mr. Gene Singleton (3 years at AHS) pictured here with his two dogs Ilse and Rudi; films, reading, swimming.

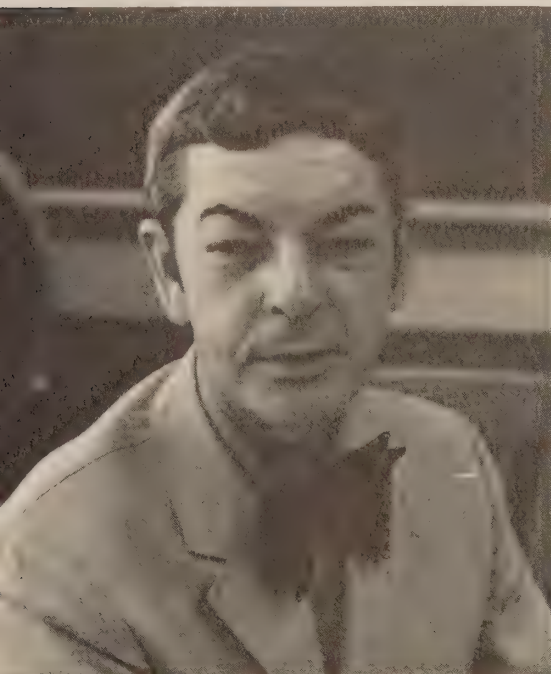

Mr. James R. Odom (13 years at AHS) raising microbes; "The sea is rough, so roll like hell."

Mrs. Lora Nell Summers (10 years at AHS) home life, theater; "Act well your part."

Rita Weaver (6 years at AHS) music, just puttering; "Why?"

Mr. Roy T. Fisher (20 years at AHS) cooking, gardening, reading, music; "Know thyself."

Rose F. Little (20 years at AHS) travel, research, understanding peoples of the world; "Where there is life there is Hope!"

Remember Who Taught You How

When you travel to Europe with your parents and have to handle ordering lunch at a sidewalk cafe in Paris, to whom are you suddenly thankful? For twenty years the Foreign Language Dept. of A.H.S. has added to and enhanced the social lives and cultural educations of its many students. So next time you say "Hola", "Merci", or "Sprechen Sie Deutsche" remember the dedicated people who taught you how.

Science Dept.

In 1954 Annandale's science department opened in its entirety with six teachers. Three of the six divided their time and classes between science and a second subject such as Home Economics. Today, the department has grown in number but also covers subjects from Earth Science to Physics. Throughout the years the department has employed new methods such as the use of videotapes, field trips, team teaching and the point system to enrich the students understanding of his particular field.

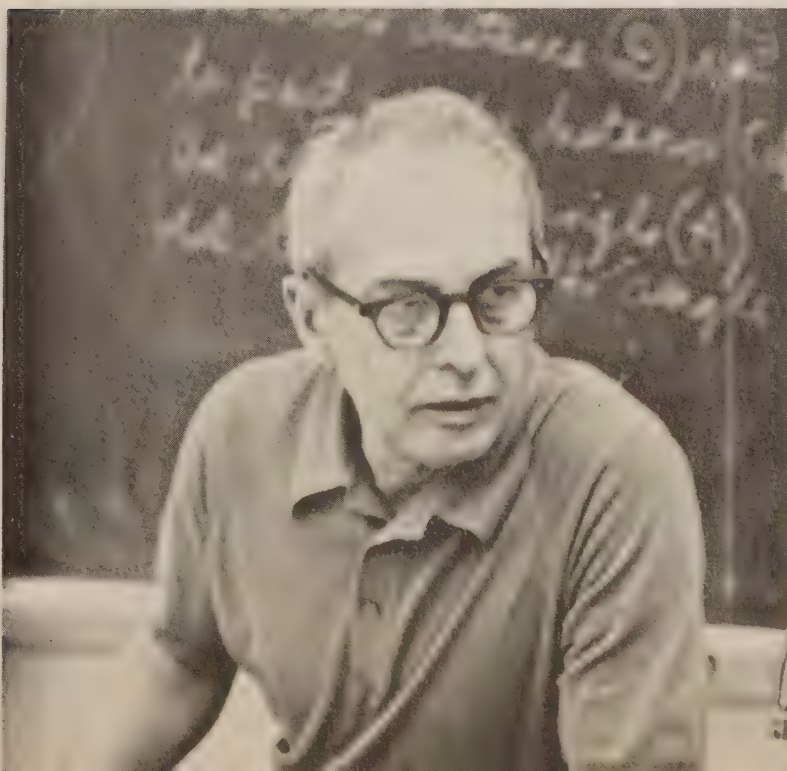

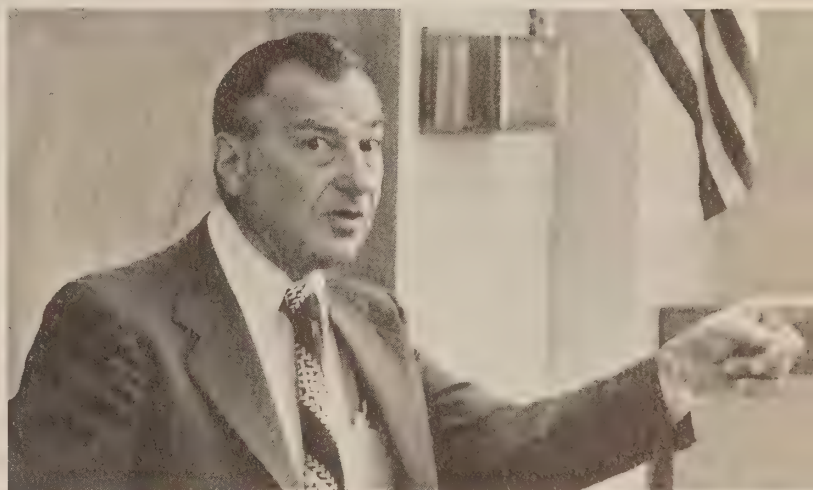

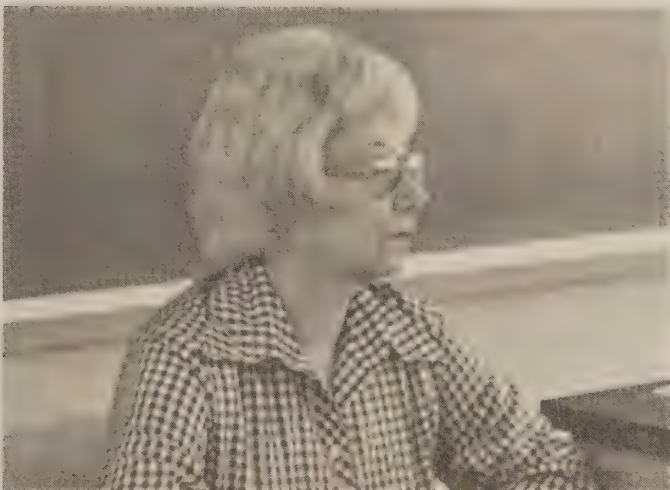

Left to Right; Mrs. Rebecca Bartelt (2 yrs. A.H.S.) Earth Science; Hobbies: Mineral collecting, camping, gymnastics. Mr. Earl Gill (15 yrs. A.H.S.) Physics; Hobbies: Bowling.

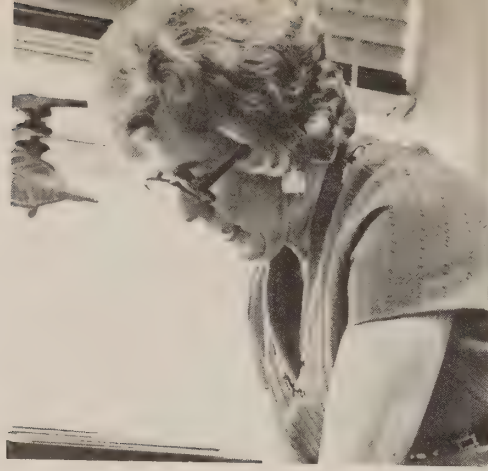

Left to Right: Team teachers: Mrs. Audrey Grissom (5 yrs. A.H.S.) Biology; Hobbies: Reading, painting, naturalist. Mr. James Johnson (3 yrs. A.H.S.) Biology; Hobbies: Gardening, wild edible plants, plants, general biological exploration. Miss Penelope Lawson (2 yrs. A.H.S.) Biology; Hobbies: Gardening, animal lover. Mr. Walter F. Bugin (19 yrs. A.H.S.) Chemistry; Hobbies: Golfing, bowling, sports.

Widens Scope

C.O.E. and D.E. Prepare

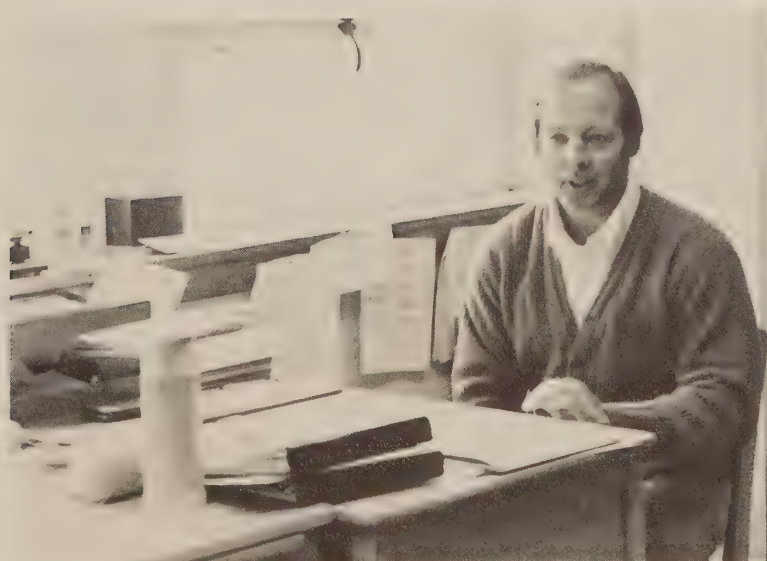

A.H.S. students which participated in the COE program followed a work/study schedule. They attended school in the morning taking either a class in Stenography II or Office Practices and Procedures. In the afternoon, the participants applied their acquired skills in office surroundings where they were employed.

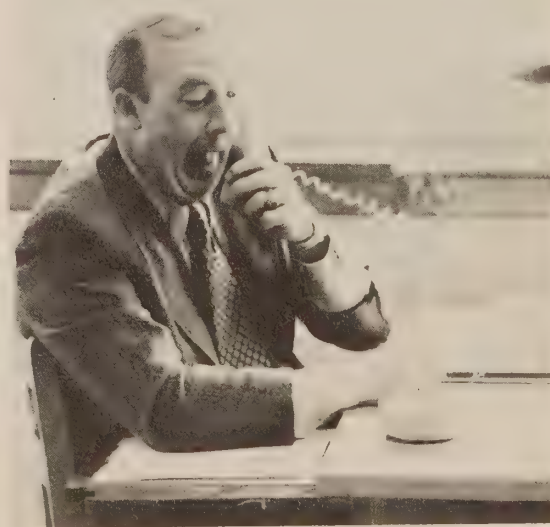

The Distributive Education program was one in which better than 150 students were trained and given experience in the field of distribution. The students must attend two classes, one of which pertains to distribution. For these the students received two credits.

Salesmanship, business, economics, marketing, advertising, display, and sales promotion were included in the areas of study. In general, the Distributive Education program was to produce a goal in the minds of the involved students and to provide an area in which to head in later life.

Mr. Todd and Mr. Heeter coordinated the program.

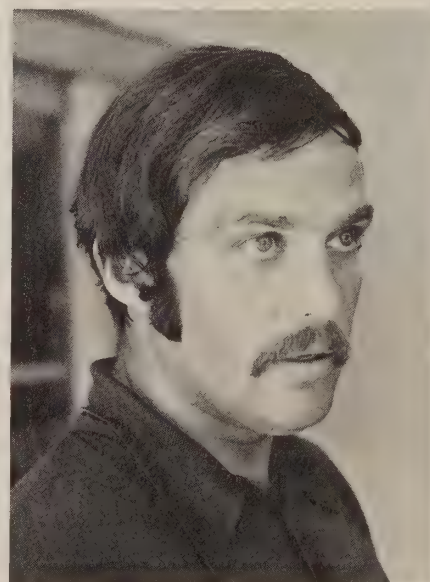

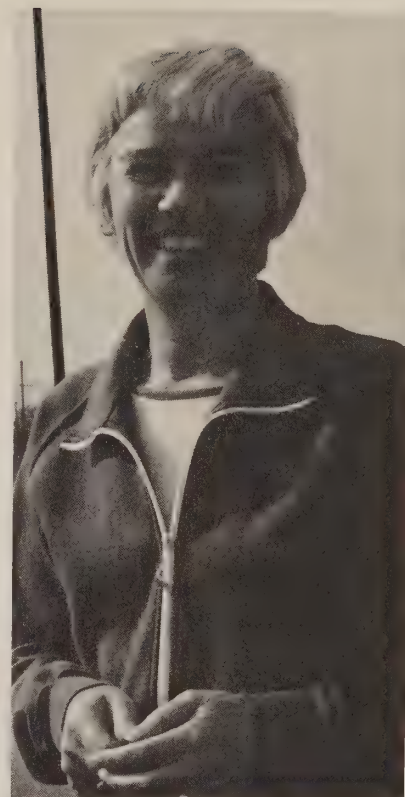

Mr. Heeter (2 yrs. at AHS) D.E. Coordinator. Music, all sports. Right: Mr. Todd (12 yrs. at AHS) D.E. Coordinator. Boating, golf.

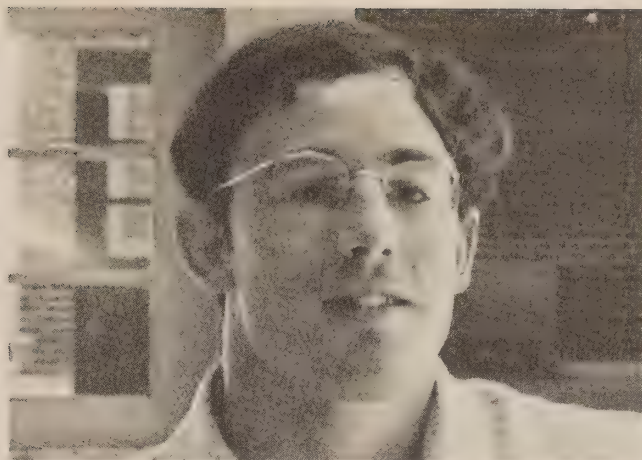

The Physical Education Department provides a welcome break from the routine of daily classes. The program is tailored to fit the needs and interests of the students within the scope of their personalities, maturity, and the department's available facilities. Because of the varied background of students entering Anandale, Freshmen are required to take basic team and individual sports such as basketball, volleyball, and track. As Sophomores, students must take units offered for the first time but may choose between those which had appeared in the Freshman year. Sophomores also have the option of the quarter in which Driver's Ed. is taken. Juniors enjoy the privilege of alternate choices in every unit except fencing and Seniors can participate in any sport within reason. To assure the students of a program which will be of interest to them, a course evaluation sheet is filled out at the end of the year to indicate likes and dislikes.

ART DEPT

Mr. Edgar Roberson (17 years at A.H.S.) B.A. at U. of Richmond; M.A. at American U.; College Art Study Abroad Paris; Art Dept.; Chairman; Wild Foods; Fossils; Astronomy; Barbershop Quartet.

Three new courses were added to Annandale's Advanced Art curriculum for the 1973-74 school year. Students could elect semester courses in drawing, photography, graphics, and jewelry as well as previously offered courses in painting, printmaking, sculpture, and creative crafts. For the first time, students were allowed to take two periods of Advanced Art if they so desired. Much emphasis was put on drawing, with nine weeks of each elective devoted to a drawing class.

Mrs. Dorothea Monk (4 years at A.H.S.) B.A. at West Va. U.; Catholic U.; William and Mary; Sewing and sports.

Mrs. Teresa Caldwell (2 years at A.H.S.) B.S. at Madison College; Tennis.

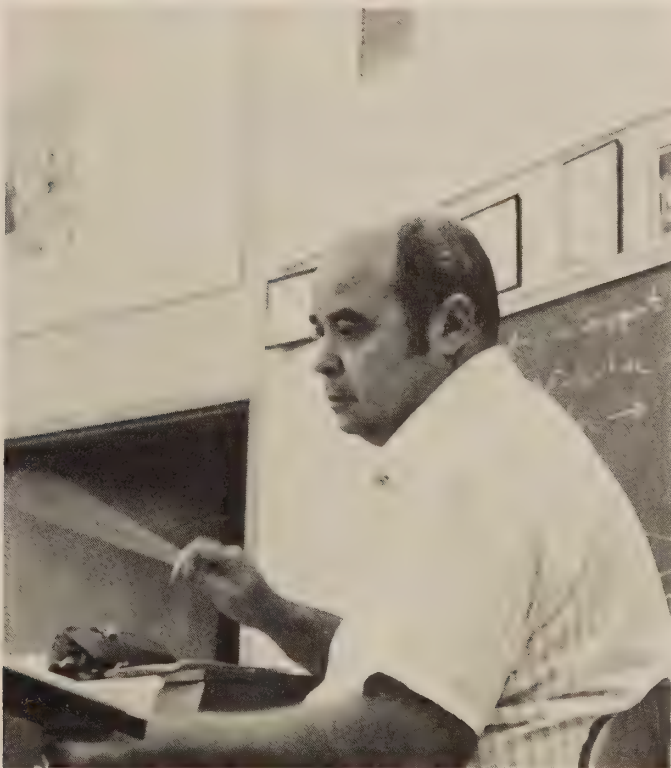

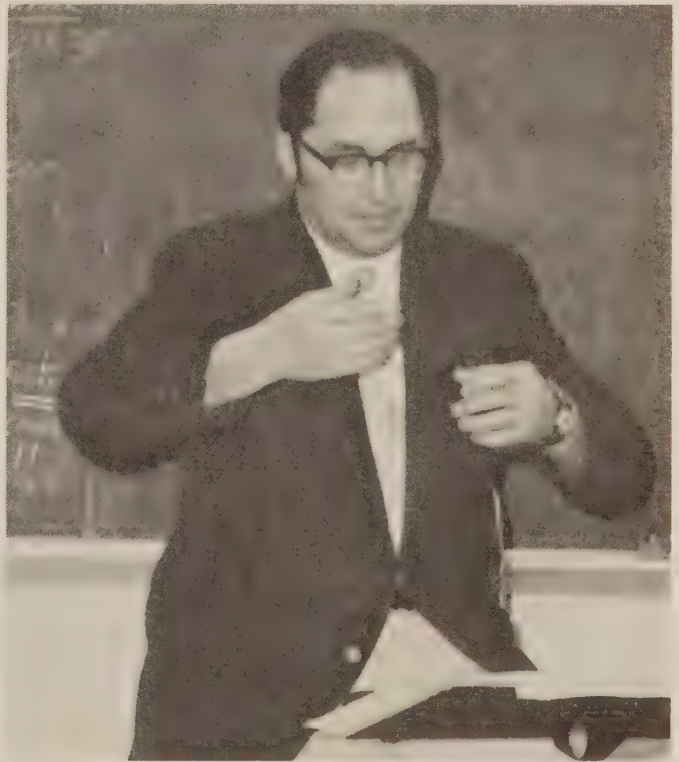

Mr. Franklin J. Lockwood (1 yr. at A.H.S.) Band, String teacher; Ithaca College; boating, golf, swimming.

Under the guidance of Mr. Doster, the Annandale High School Music Department provides a fine opportunity for the serious student to explore any area of music he or she wishes. Through meaningful participation, the student may advance at his or her own rate, can perform artistically alone, or can become a part of a larger group (band, orchestra, chorus, or ensemble).

Dr. Harold G. Connell (13 yrs. at A.H.S.) Choral Music; B.A. and M.A. at Brigham Young U.; Ph.D. at New York U.; Geneology.

Mr. Robert F. Doster (7 yrs. at A.H.S.) Dir. of Bands, Music Theory; Lebanon Valley College, U. of Maryland, U. of Illinois, B.A. and M.A.; Sailing, Historical Novels.

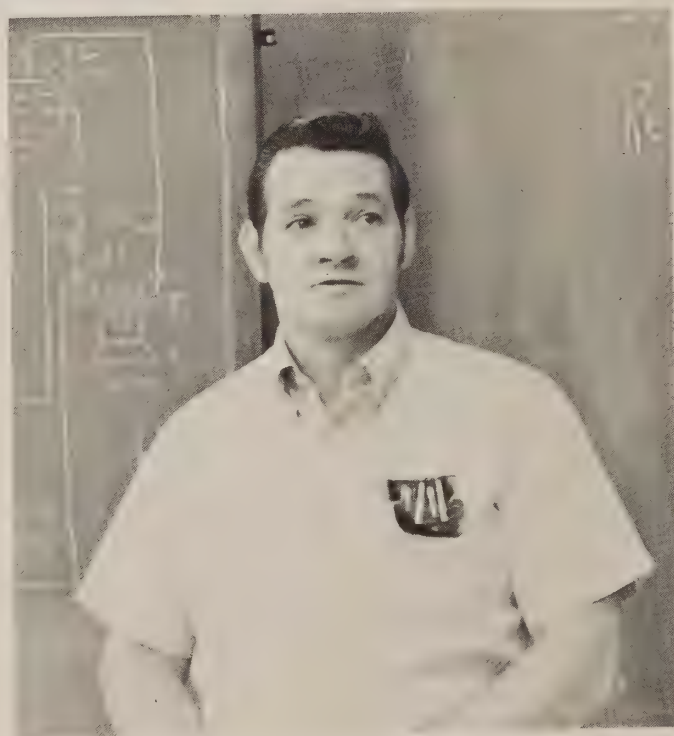

Mrs. Margaret C. White (2 yrs. at A.H.S.), Home Economics; Brevard Junior College, B.S. at Radford College, Masters at V.P.I.; Home Economics Club; Sewing, cooking, traveling.

Home Ec. & Industrial Arts Depts. Offer Coed Courses

The Home Economics program was designed this year to aid students in developing the ability to strengthen personal and family living. The program offers opportunities for boys and girls to develop their values, attributes, understandings, and skills which contribute to personal development and to provide a foundation for many occupations and professions. General and in-depth courses are available for the benefit of any students with special needs and interests in areas related to Consumer and Home Economics Education.

Miss Yvonne Elzinga (7 yrs. at A.H.S.), Home Economics; B.S. at Brigham Young University; Home Economics Club, sports, cooking, sewing, creative handiwork, music, dancing, camping.

Mr. Edward B. Leggat (1 yr. at A.H.S.), Electronics I, II, III, AND IV; Schoolcraft Comm. College, University of Michigan, Va. State University; Stage Crew, Electronics club, sports, traveling, camping.

Mr. Franklin J. Beto (11 yrs. at A.H.S.), Industrial Arts; A.B. at Salem College, M.A. at George Washington University; Golf, hunting, fishing.

The A.H.S. Industrial Arts curriculum is open to all, including the young ladies of the school. The program gives the student the opportunity to become knowledgeable concerning history, problems, processes, and personnel systems of industries. Each student has the opportunity to develop basic skills in the areas of metalworking, woodworking, plastics and leather, and various other crafts. Training in Electronics, Mechanical Drawing, and Auto Mechanics have also been made available.

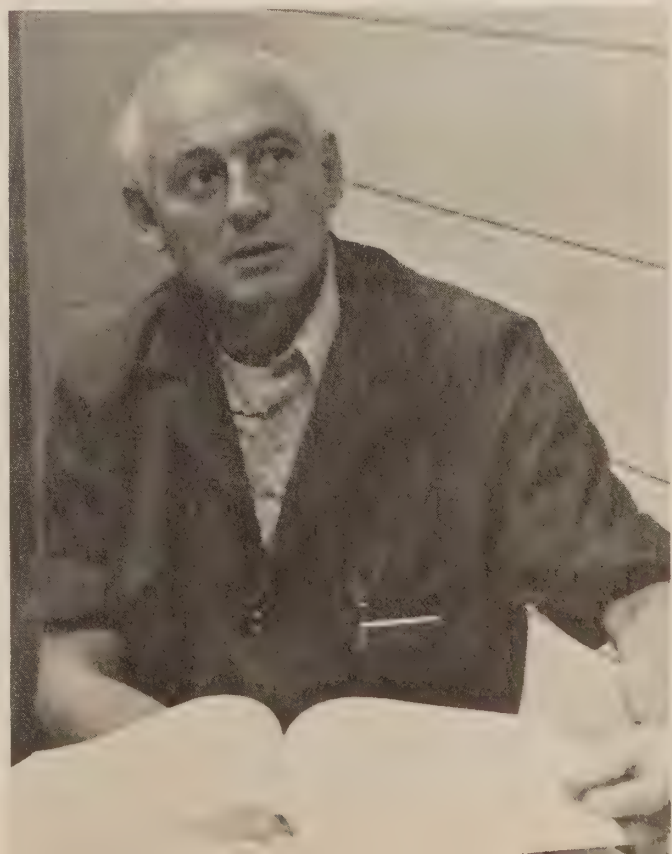

Mr. Charles F. Scheider IV (2 yrs. at A.H.S.), Industrial Arts I & II; B.S. at V.P.I. & S.U.; Intramural Gymnastics, Gymnastics Team Coach, scuba diving, fishing.

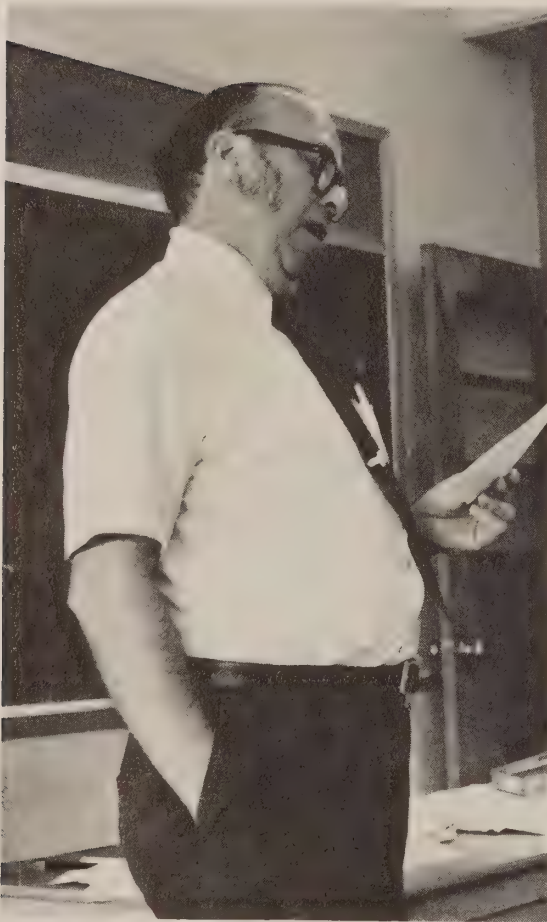

Mr. Christopher B. Gerhart (1 yr. at A.H.S.), Mechanical Drawing, Engineering Drawing, Architectural Drawing, General Shop; B.S. at Purdue University; Model Aviation, photography, Hi Fi.

Mr. Curtis E. Felty (2 yrs. at A.H.S.), Maintenance & Repair, Auto Mechanics; Retired from Military after 20 yrs. of service; Stage and Light Crew, hunting, fishing, travel.

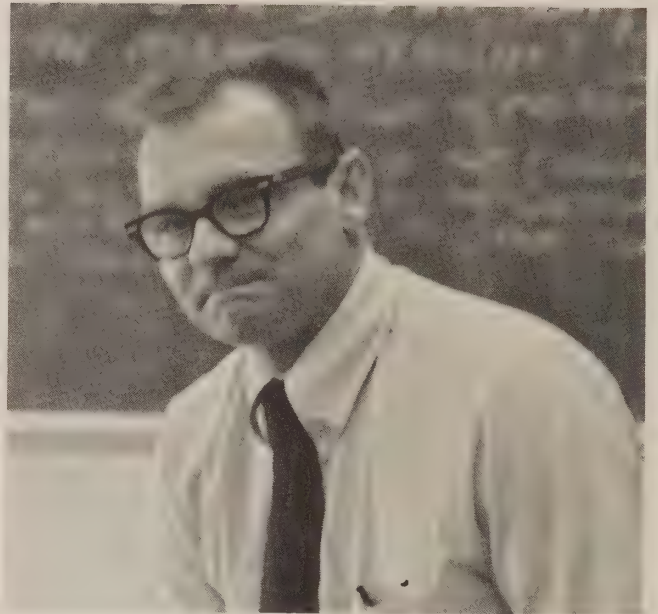

Thematic System Succeeds in 73-74

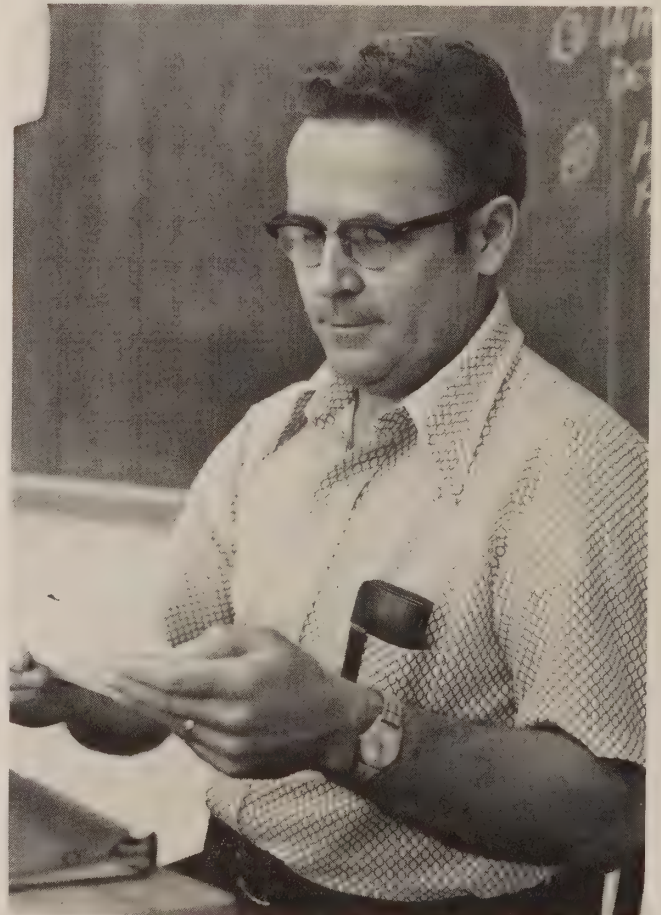

The Social Studies Department, this year, carried on with the recently developed thematic system, a successful offspring of last year's planning. The arrangement provides students with a multiplicity of selections. In this way, A.H.S. students have found their social studies courses to be more rewarding and challenging. A round of applause goes to the ingenuity of the Social Studies Department.

Mr. William Parnell (17 yrs. at A.H.S.), St. Anselm's—A.B., Boston University—M.A., Columbia U.. Reading, spectator sports, folk music records.

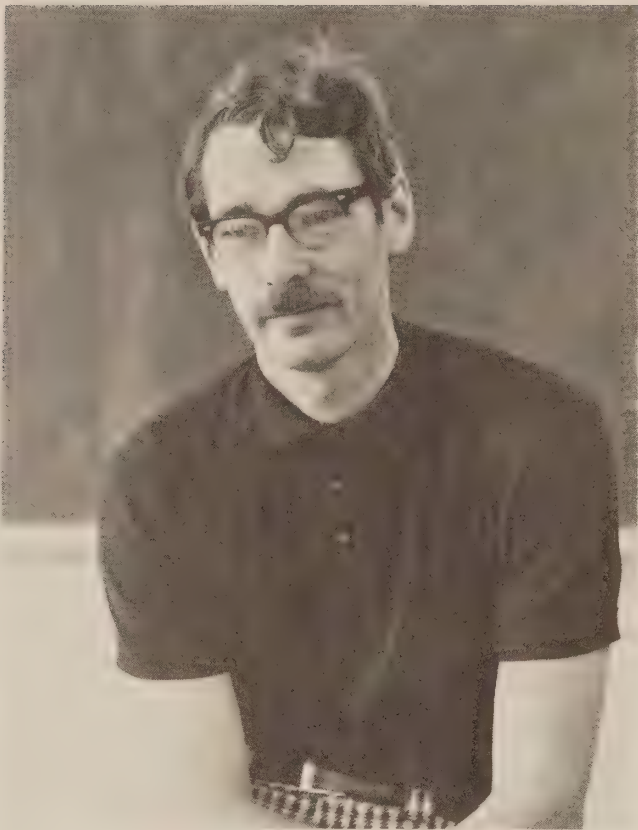

Mr. David Carter (4 yrs. at A.H.S.), Brown University, Providence, R.I.—B.A., University of Scranton, State Univ. of N.Y. at Oswego, William and Mary. Athletics, camping, reading.

Mr. Donald Henretty (15 yrs. at A.H.S.) Randolph-Macon College, University of Va.; Politics, reading, exploring.

Clinic and Library—Always Willing to Help

Annandale's library and its clinic: neither considered to be of any great importance. Both are taken for granted and neither commended. Both are abused and complained about. And yet, when the doors of either one are closed, we certainly hear about it.

The library has, throughout the years, continued as an integral part of student life; enhancing and encouraging student education and consistently served in a most benevolent manner. Mrs. Ashenhurst and Mrs. Kurylo have earned the thanks and applaud of all.

The clinic has, meanwhile, always been there to assist when the knees get scraped and the elbows scratched. Mrs. Botticello, head of the clinic, works hard to be on hand as often as possible.

Mrs. Lucille Botticello (4 yrs. at A.H.S.) Moses Taylor Hospital School of Nursing, U. of Minnesota, State of Va.; Antiques, ice skating.

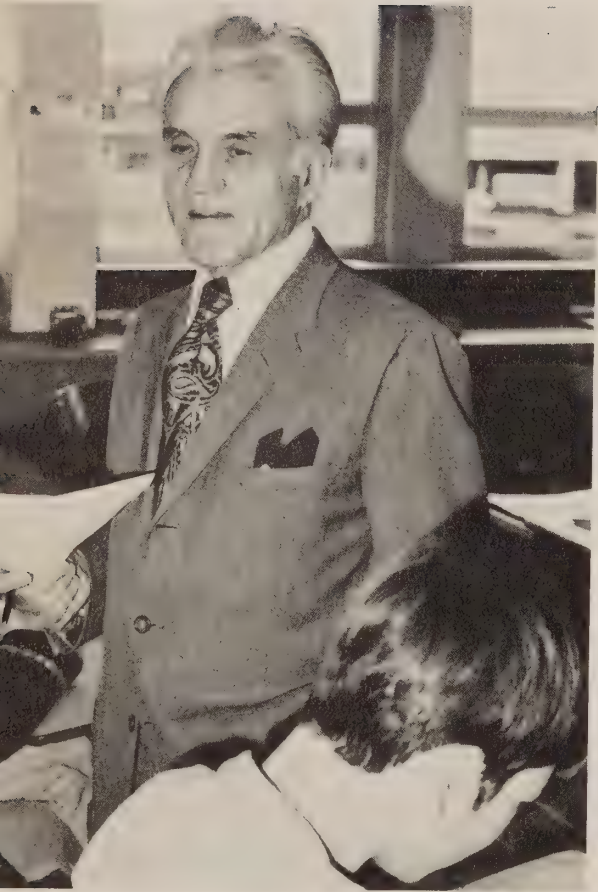

Mrs. Annabelle Ashenhurst (20 yrs. at A.H.S.) Illinois State University; Travel, pets, cooking, gardening.

Mrs. Lydia Kurylo (6 yrs. at A.H.S.) Union College, U. of Va., Madison College; Antiques, bridge, travel.

Substitutes Offer Change of Pace

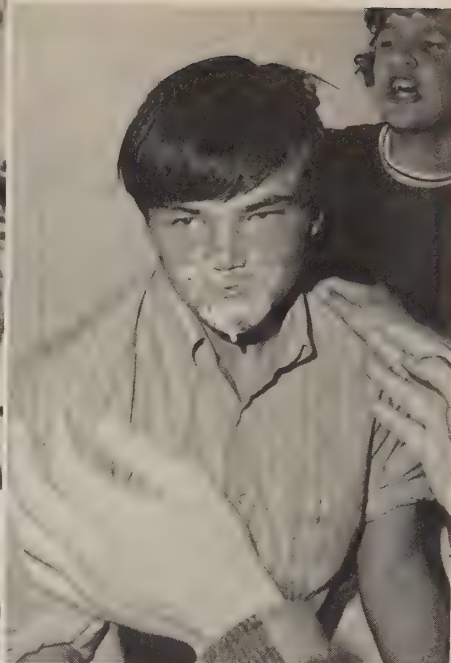

Sporadically during the year, students and faculty experienced a change of pace, this, in the form of substitutes. Teachers absent from classes left their students in the very capable hands of several well trained substitutes. With determined courage they faced the masses, carrying on the regular tasks of the teacher. Often, they enriched their duties with personal anecdotes.

Recognized as one of the more spirited classes of Annandale High School, the Class of '76 captured first place among the Homecoming floats and was awarded numerous spirit sticks this past year. "76" successfully hosted a fall ice cream social and several sock hops to raise class funds. Along with the traditional activities of a sophomore class, "76" founded what they feel will become a new tradition at AHS. With money otherwise spent for weekly hall decorations, the class plans to support an American orphan for twelve dollars a month. Upon graduation, hopefully the tradition will be continued by willing underclassmen. Though claims condemning today's new morality are frequent, the Class of '76 defines the distinction between the moderate high school student of twenty years ago and the socially conscious student of today.

Cafeteria Staff Provides Food for Thought

(Or Food You Ought to Think About)

Much controversy surrounded the quality of lunches served in the cafeteria this year. The reasons for this were due to a financial cutback in the school lunch program, and a lack of help in the kitchen. Still the Anandale kitchen staff greeted the students with a smile, a

clean kitchen, and the best lunch that could be put together considering the circumstances. Much regard must be given to these ladies who work so hard to serve us. Because of this hard work, the cafeteria was a good place to "eat" and converse during fourth period.

They could eat it if they had to.

Custodians Sweep Students Off Their Feet

Ms. Lopez and Ms. Branch clean up with a smile.

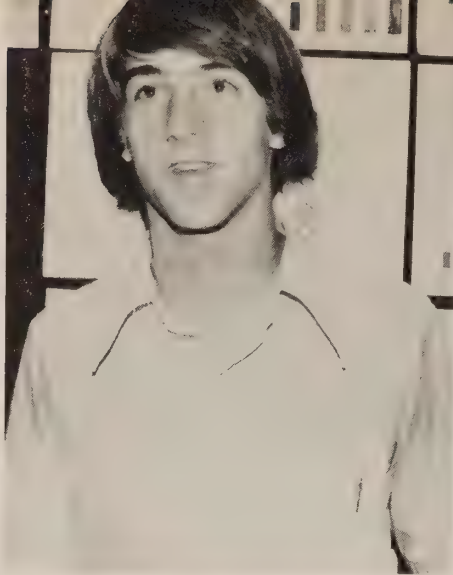

Elvis finds plenty of trash.

The custodian staff contributed another year of their energy in keeping Annandale High School clean. With 2200 students compiling over 600,000 tons of trash a year, the custodians have a lot of work to do. They cleaned up the hall decorations for football in addition to the lunch room and the outside grounds. The students wish to thank the custodians for making Annandale a better place to go to school.

Mr. James Hughes sweeps the cafeteria.

1974, stop and think about that for a minute. That represents a year of high school, a year of activities, a year of our lives.

What did you do with 1974? Knock around and just go along with the crowd? Or did you become yourself? Did you value your high school experience? Did you learn from your teachers, classmates and friends?

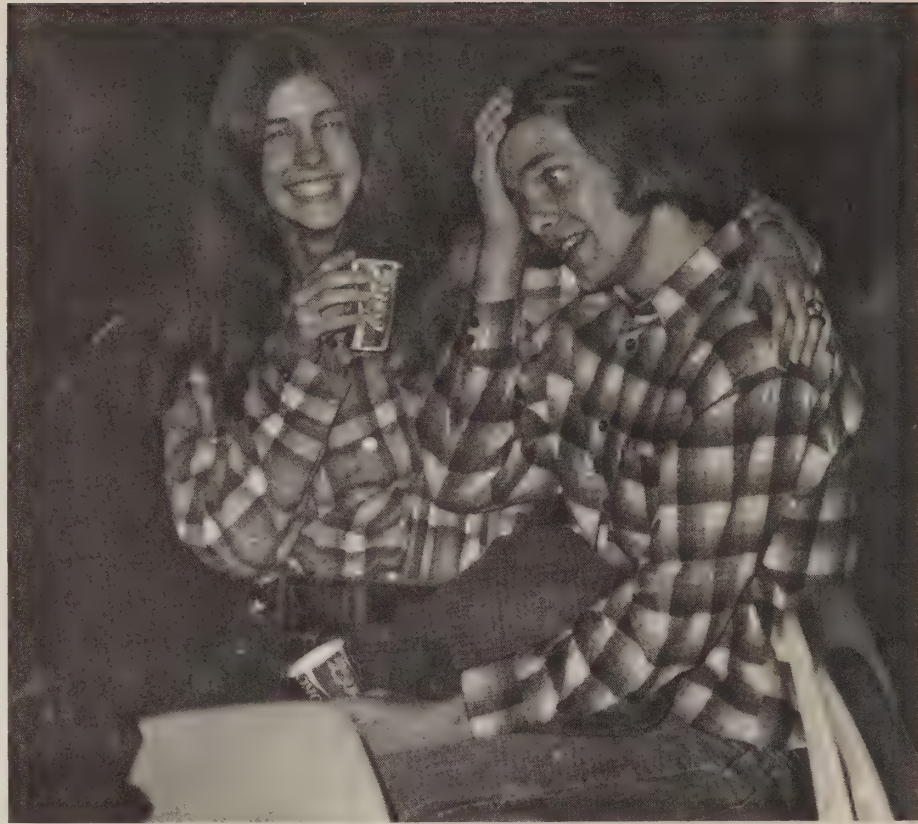

For the large majority, the answer would have to be "No." But some, a very special few, saw what high school can really be. They formulated their own opinions. They dressed their own way, walked their own way and went their own way. These special few are on the road to becoming themselves.

Who are the special few? It might have been you. The special few includes anyone that recognized high school as the integral part of the living that it is.

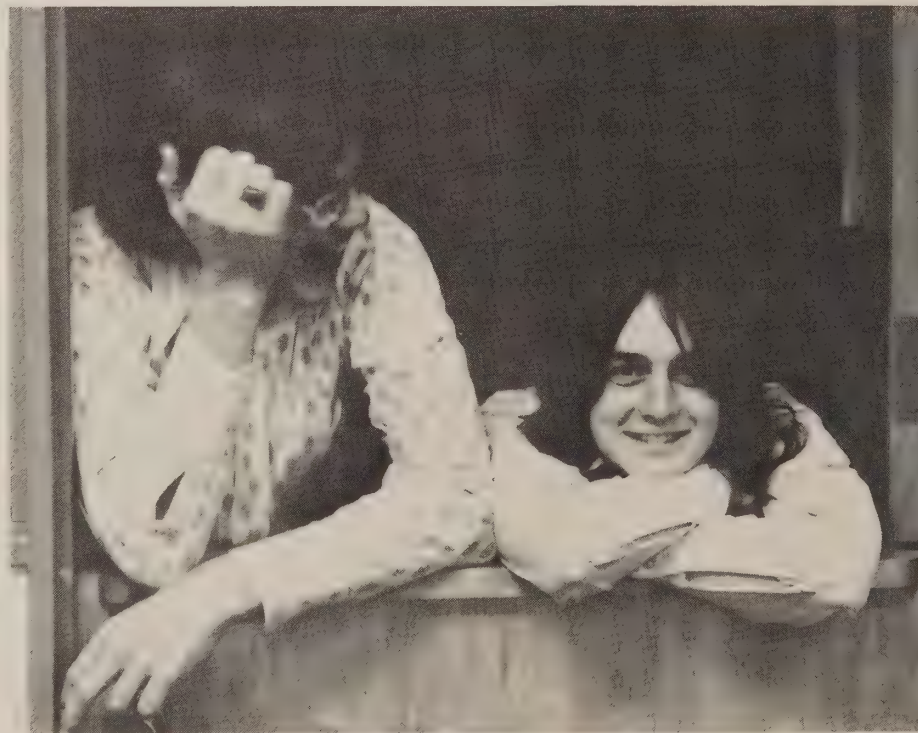

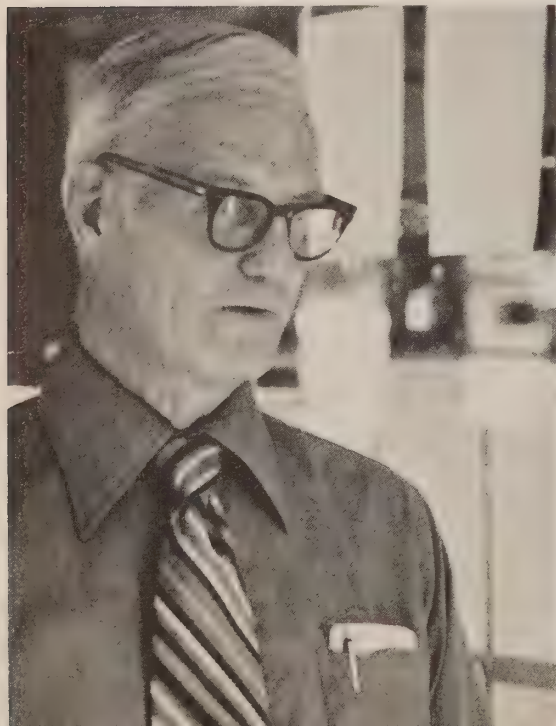

If you missed it all in 1974, don't worry about it now. Just get ready for next year.

You can make a lasting impression on each life that you come in contact with and help that person to improve himself. The question is no longer "What did you do with 1974?", but rather it is, "What will you do with 1975?"

And yet, as important as the future is, we can still learn so much from . . . The Way We Were.

The Way We Were

1974 Is Gone

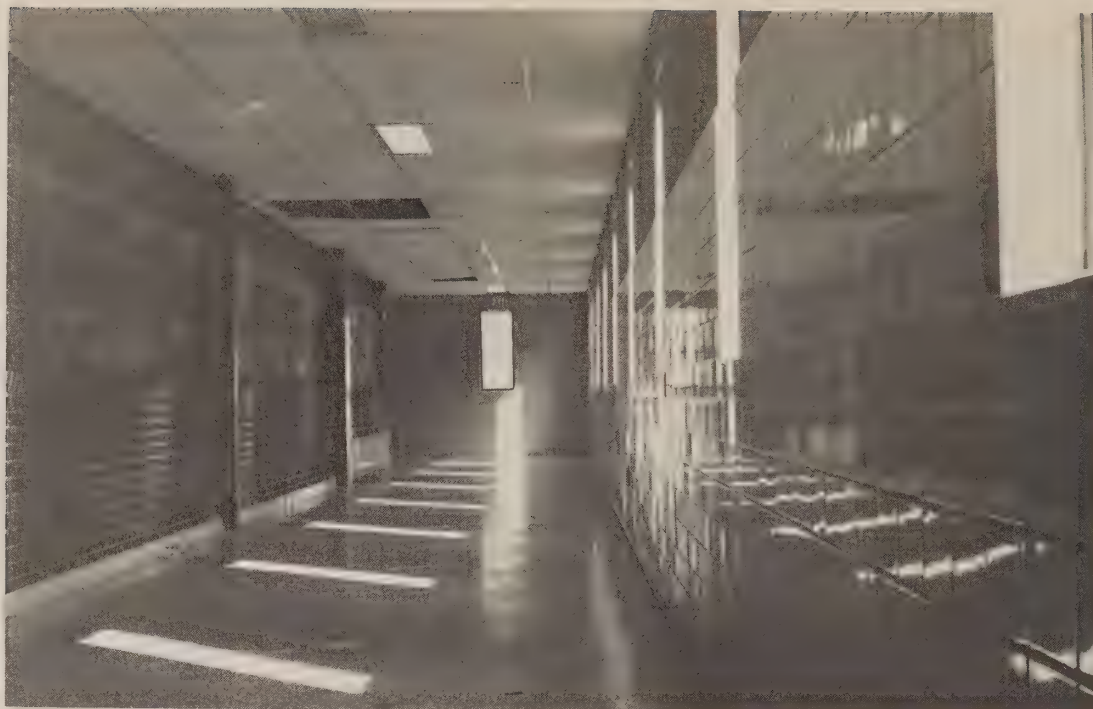

Hope You Enjoyed It

Memories, like the
corners of my mind;
misty water colored
memories of the Way
We Were.

Scattered pictures of
the smiles we left
behind, smiles we
gave to one another,
for the Way We
Were.

So it's the laughter we will remember, whenever we remember the Way We Were.

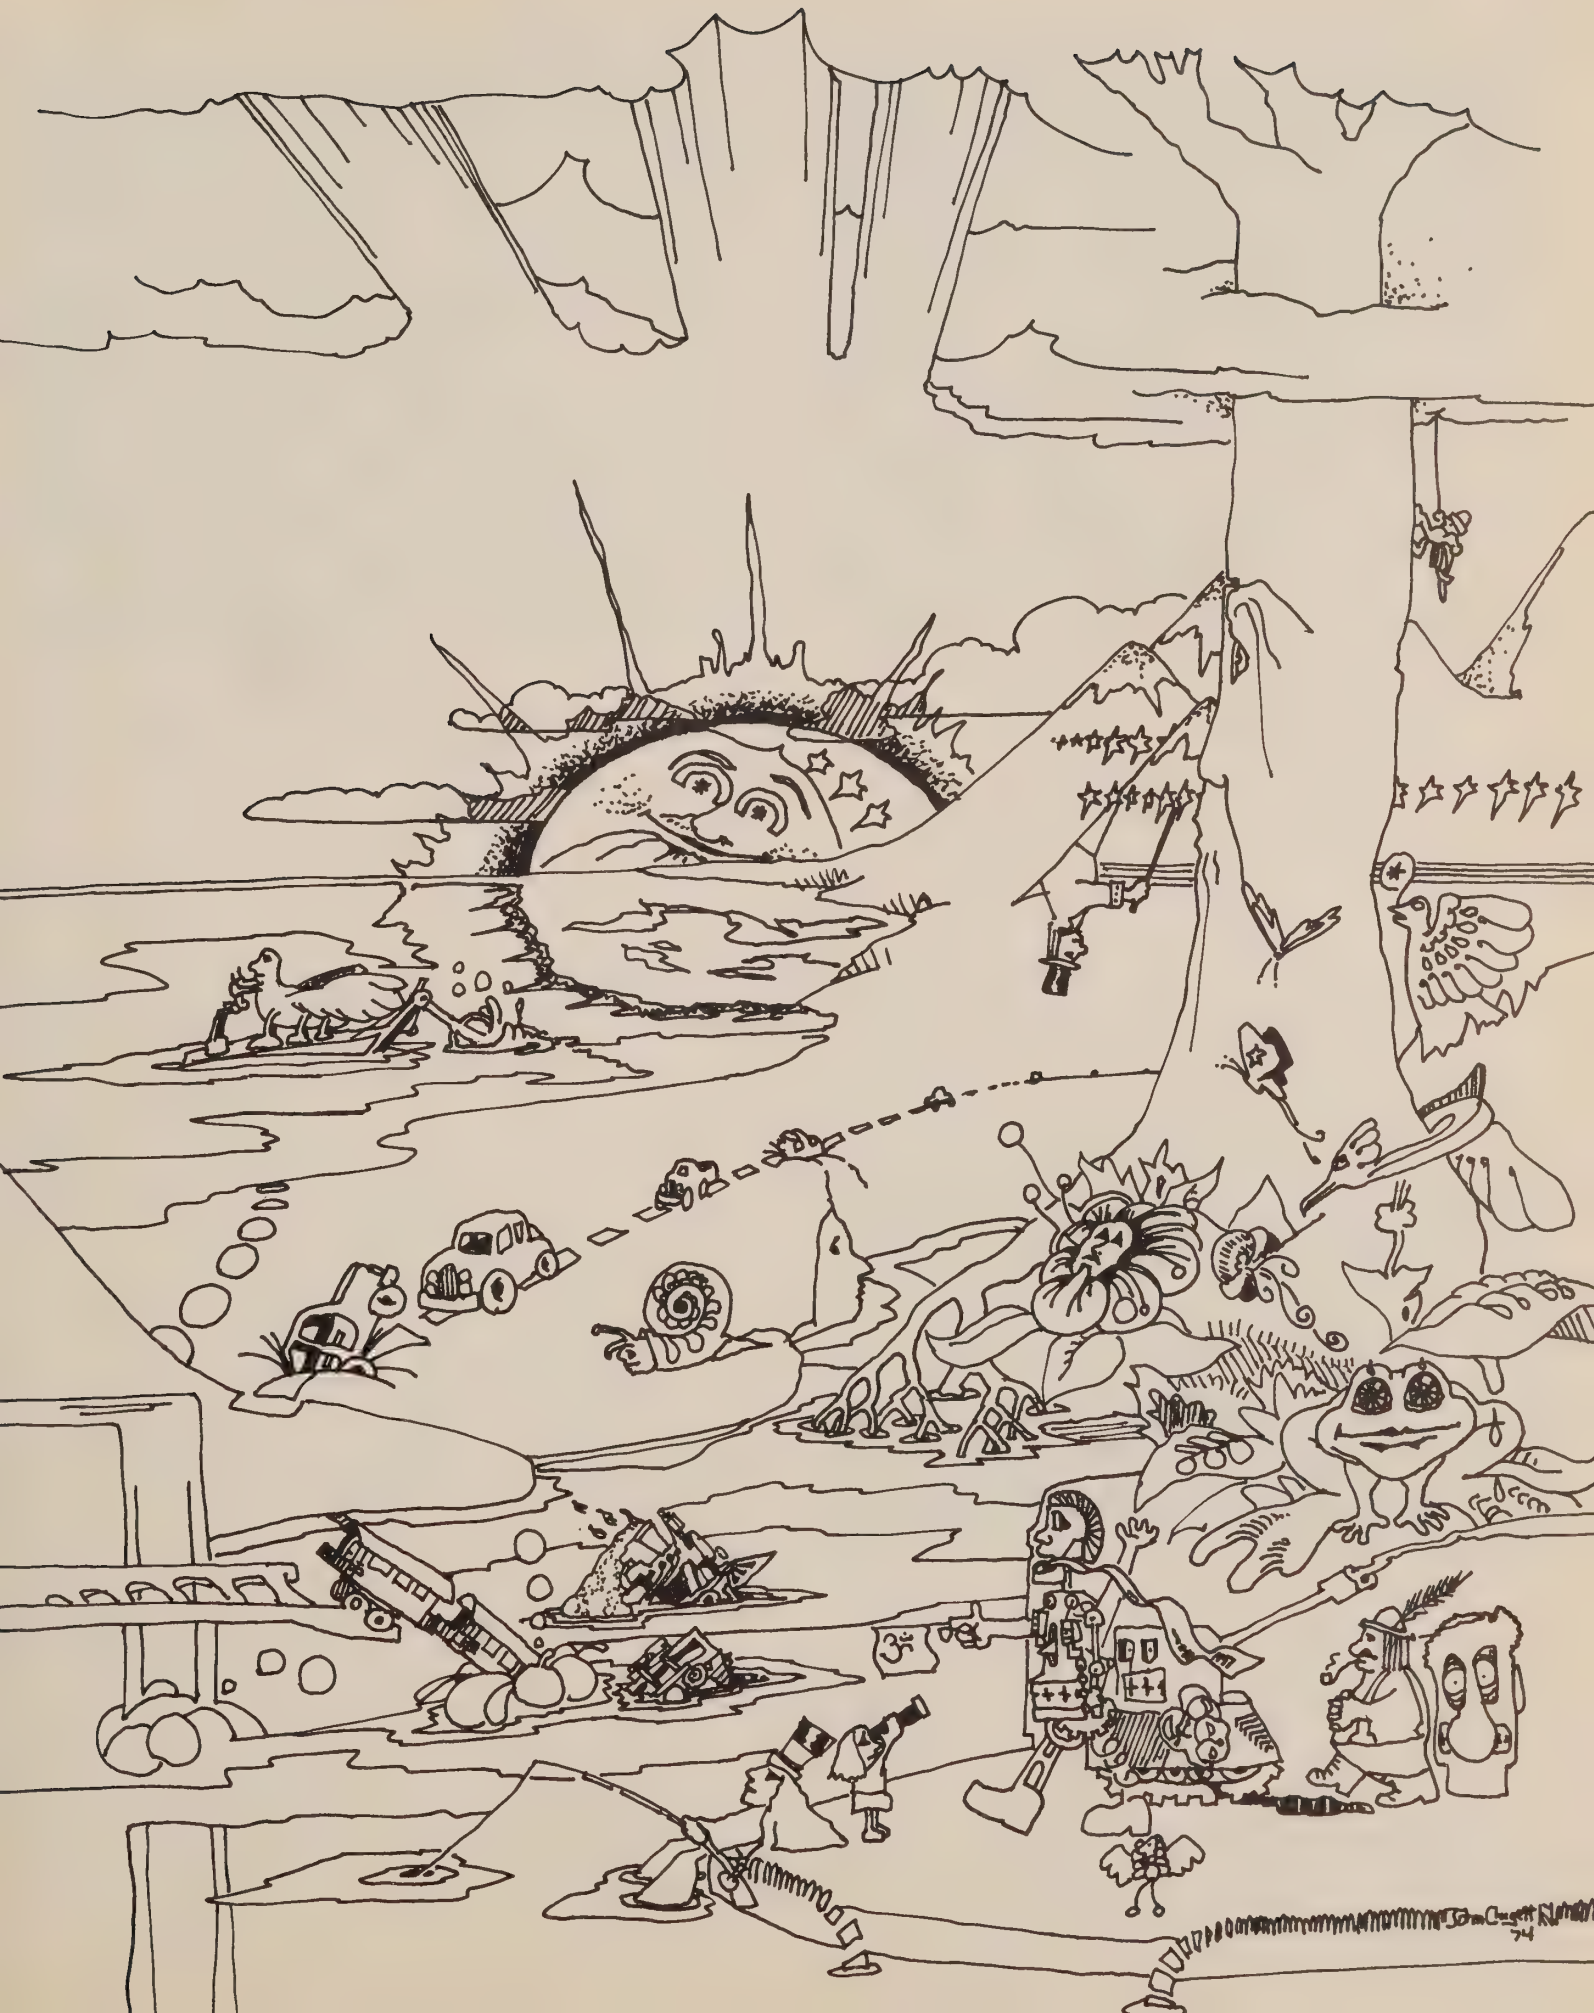

More than two hundred and sixty pages ago we mentioned the fact that Annandale had opened twenty years ago. We said that it had grown in many ways and had developed into a leader in the state. Although all of this is true, there are still some things about Annandale that haven't changed.

If you're willing to look for it, real home-grown honesty and sincerity can still be found here. From Watergate to toilet paper shortages Annandale has somehow remained simple; a place to enjoy life and a place to learn about life. If you're reading and thinking that this drips with corn, then you might consider stopping for just a moment and remembering all the fantastic times you had while attending AHS. Remember the beaches and ski trips? How about all the football games? Can you remember afternoons on the lawn after school talking with friends you may never see again? Think about it for a minute, Annandale wasn't really all that bad.

In a few years you'll look back at this annual and be inundated with a sudden and overwhelming rush of nostalgia as you remember . . . The Way We Were.

LEST WE FORGET

As expressed in this section of the 1974 Antenna:

"I would remind those who feel the system is incorrigible that such is not consistent with the thoughts and actions of past Americans . . . many who gave their lives that we might live in freedom. Let us not bemoan the faults, the hypocrisy, the deficiencies but rather let us strive to better that which has been passed to us . . ."

Let us not lose faith in our system of government in light of present political scandals. As expressed most profoundly "Be not deceived: God is not mocked: for whatsoever a man soweth, that shall he also reap." To all Annandale students, especially the seniors, remember Benjamin Franklins' admonition "You have a Republic if you can keep it." Remember Robert E. Lee's advice "Teach your son to deny himself." Always remember that this is your country and no man, president or pauper, is above the law. In time, the guilty will be brought before the bar of justice. In time, with God's help and our efforts many of the injustices of the day will be corrected, but never on this earth, to perfection. Keep faith in America. Resolve in your heart to be a good citizen. Remember the living Constitution that can help right the wrongs, the positions in government that await occupancy by honorable men and women and let us together, students and teachers, with other concerned Americans fulfill the great hope and dream of America or at least not let hope die in our lifetime. Remember too, our national motto. "In God We Trust." Trust in God, exemplary living, fair and honest dealings with fellow Americans and all mankind will go a long way to assure a free way of life for us and our posterity.

Baseball Team Falls Short of Goal

Baseball, Left to Right: Danny Brown, Steve Brown, Tim Strait, Mike Vance, Don Pisciotto, Jim Steckbeck, Ken Mercer, Paul Prohoniak, Stan Lee, Don Hart, Don Slee, Lou Bonato, Rick Rabil, Gene Funkhouser,

Dave Alderton, Artie White, Roger Snaman, Lane Spigner, Dave Kendall, Steve Truitt, Jim Higley, Bill Dobson, Bud Dewyer, Peggy Conaty, Mike Robinson, Brian Bird.

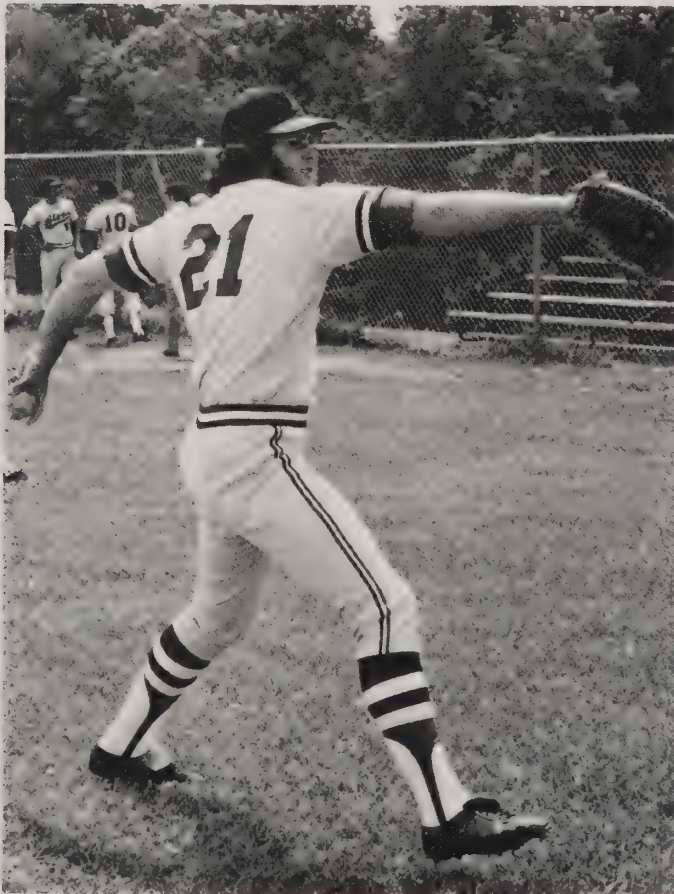

Throughout the season the hitting was no problem, but pitching was. Seniors Lane Spigner and all-District pitcher Gene Funkhouser held most of the load. The best hitter and stealer was All-District Donny Pisciotto, who made eighteen out of nineteen steals. Power-hitter Artie White lead the district with seven homeruns.

Leading the team to a 14-6 record and a tie with Fairfax for the District Championship were seniors Ken

Mercer, Rick Rabil and Lou Bonato.

The team held the best batting average, most homeruns, and most runs scored in the region.

Coach Dave Carter expressed his feelings concerning the season at the Spring Sports Pot Luck Supper. The word he used was "Bittersweet", as the season ended with many good memories as well as a few disappointing ones. The team had the potential to be number one.

Lou Bonato chucks one.

Ken Mercer slugs another.

Huh?

Watching and waiting.

Lou Bonato up to bat.

SPRING SPORTS

Through the combined efforts of both old and new members, the Boy's Gymnastics team began the new season. Coached by Mr. Charles Scheider and assisted by Rick Neham, the team produced several fine gymnasts. One of these was Kerwin Dobbs whose versatility enables him to participate skillfully in each event as the team's all-around. The high point of the season occurred when sophomore Tim Lucido took 7th in state in floor exercises. Despite the few wins, there were only marginal defeats.

After losing four out of six Seniors last year, the tennis team had a rebuilding season this year. In spite of much hard work, they managed to win only two out of seven matches against Fairfax and Falls Church. Even though another four out of six Seniors are leaving this year, Coach Don Armstrong says next year's team, especially the three rising Juniors, shows promise.

The Golf Team, under the guidance of Mr. Stevenson, had an average season this year with a 3-4 district record and a 3-5 overall record. Most of the team, though, had had only about two years actual playing experience. Two of these returning players, Skip Dawson and Steve Moss, missed qualifying for the regional by one stroke, so next year's team, composed hopefully of the five returning underclassmen and two or three returning alternates and some fresh new talent, will have a better season next year.

Spring Track Shows Promise

The Spring Track Team consisted of mainly underclassmen this year, but with the number of athletes returning, next year's team should prove to be quite strong.

John Hughes and Norman Dellinger were the two top hurdlers this year and Tony Sharp was a real competitor in the half-mile and mile relay team. Both John Hughes and Tony Sharp qualified for state. In addition, this year's sprinters and distance runners were fairly good and show

promise for next year.

Field events were not as powerful as they have been in the past, but Annandale placed first in both shot and discus at the District Relays, with Jeff Cozad as the number one thrower in both events. The pole vaulting team had a strength in Scott Lawrence, who set a new school record of 12'5½".

Varsity Track Team, First Row, l. to r.: Jim Jenkins, Peter Payne, Ron Novak, Brian Murphy, Alvin Dellinger, Steve Gullette, Frank Tatum, Tom Donnelly, Gray Payne. Second Row: Jamie Carayiannis, Bruce Fox, John Hughes, Norman Dellinger, Mark Sohasky, Jeff Cozad, Bob Tedesco,

Scott Lawrence, Craig Young, Tony Sharp, Mike Coyne. Back Row: Phil Young, Dayle Ash, Bill Heard, Bill Kier, John Slahetka, Kevin Patton, Dave Houseworth, Dick Adams, Bob Sykes, John Szarek, Jim Harris, Kurt Schumacher.

Girls' Track

The hard work and talent of the Girl's '74 Varsity Track Team was not sufficiently represented by their 3-4 season. The inexperienced team comprised of one senior, five juniors, sixteen sophomores, and ten freshmen put together a fine showing by qualifying girls for the District Meet in all but one event. As the season progressed, the team captured sixth place among twenty-five teams in the Northern Regional Meet. At this meet, held May 10-11, the Atoms placed in three events; Sandy McGuire, first in 880 run; Karen Knoble, third in High Jump; 440 Relay with Vicky Robbins, Susan Grainer, Terry Garman, and Becky Fisher took third place. The girls topped off the season with representatives from the 880 Medley and 440 Relays, High Jump, and 880 run participating in the Va. State Meet held May 18 at Garfield High School. Sandy McGuire excited AHS as she strode to second place in the 880 run. Miss Sally Michener, coach, referred to this year's team as "the best overall team that I've ever coached." '75 promises to be an even more successful year for the girls, as all but one graduating senior are expected to participate next year.

Sandy can't wait to be off!

The '73-'74 girl's varsity softball team continued their winning season with a 7 wins and 3 loss record. Although they broke a 21 game winning streak, the team still put forth a winning season.

The J.V. had a less successful season with a 6-4 record but this year was more of a rebuilding season for them.

Varsity Softball Team Has Successful Season

A Pleasant Surprise— Renee Ard, Miss Annandale 1975.

March 9 this year found 50 excited girls preparing for the annual Miss Annandale contest. The girls were chosen by their respective classes and then went on to be judged on poise, personality, and appearance. Master and Mistress of Ceremonies Jim Toye and Carol Willis presented each girl with a list of her activities. The selected 10 finalists were asked prepared questions and judged on their spontaneous answer. The members of the 1974-75 court are Karen Nordlund, Melanie McGee, Tracy Warren, and Alicia Papallios. Renee Ard was crowned queen. Special thanks are extended to Mrs. Wilkes, Karen Teichler and Ann Kraus who coordinated the show.

Bye, Bye, Birdie—Bye, Bye, Musical?

Debbie ponders maturity.

"You buy my tortillas?"

In keeping with Annandale's 20th Anniversary theme, the drama department presented "Bye, Bye, Birdie" for the spring musical this year. Set in the fifties, a teenage rock and roll singer stirs up excitement in the quiet town of Sweet Apple. Kim MacAfee is chosen to receive Conrad Birdie's farewell kiss prior to his being drafted into the army. "Bye, Bye, Birdie" was directed by Lora Nell Summers, choreographed by Leslie MacKinnon, and conducted by Ron Dobra. Unfortunately, the musical lost money due to lack of organization and poor budgeting. The question echoes, "Will there be a musical next year?"

The Final Step Towards Graduation

On June 9th the class of '74 recognized the long-awaited Baccalaureate services in the Washington Cathedral. At six o'clock after parents and friends had been seated, the seniors filed slowly through the Cathedral to their appointed seats.

The service opened with A Capella and Ensemble choirs providing an inspirational song. Senior Glenn Tobias followed with unison reading and prayer. Mr. Donald W. Tobias delivered an effective sermon dealing with a comparison of two generations. More songs were provided by the choirs, which preceded James B. Panoff reading the benediction.

. . . Thank God Almighty, Free at Last."

On June 10th, 1974, at approximately 8:05 P.M., Wolf Trap Farm Park opened welcome arms to the Graduating Class of 1974. The A.H.S. Symphonic Band played Pomp and Circumstance as 502 Seniors walked down the side aisles and into their rows. The Invocation was given by Connie Swartzwelder, the Secretary of the Senior Class and the welcome by Bill Kier, President of the Senior Class. The A Cappella Choir then performed "The Halls Of Ivy". Debbie Shelton, class Vice-president, introduced the Guest Speaker, Mr. Mike Albro, an A.H.S. graduate of 1966. Mr. Albro is now the Producer of the 12:00 News on WMAL, Channel 7. Then, in preparation of the special awards, the Choir sang "The Way We Were".

After the presentation of the awards, the seniors filed across the stage, received their folders and shook hands with Mr. Finch. The Audience then stood for the "Alma Mater" and the Benediction, read by Mo Healy. Having graduated and waited in line for their diplomas, the "Graduates" partied all night long.

Goodbye to Another Year . . .

. . . So as the sun rises high in the sky and people everywhere head for the beaches and pools and parks we leave behind special memories . . .

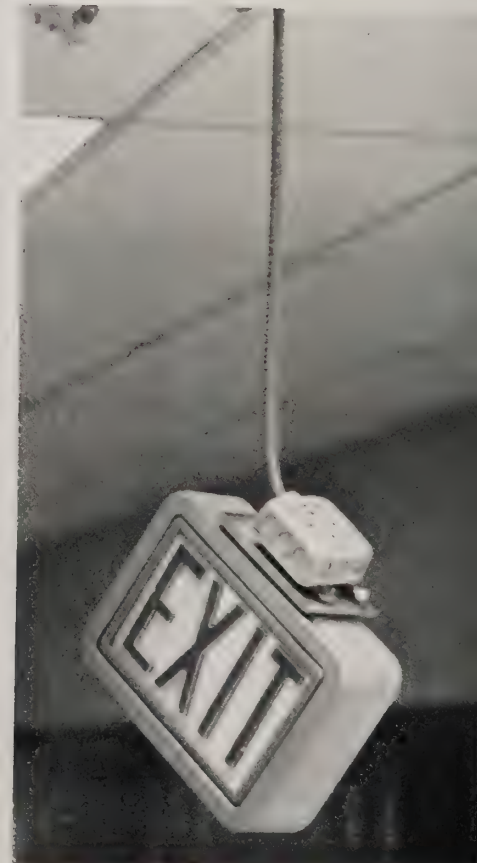

. . . of hard work . . .

. . . and good friends that we may never see again . .

. . . Hello to the Future

'74 IS OVER, EVERYBODY! Some will breathe a sigh of relief over the finish of a particularly hard year. Some will shed a tear at the end of one of the best years of their lives. Either way, '74 is now just a memory as we relax for awhile and plan for '75. Plan to make next year even better, whether you're away at college, at work, or right back here in the hallowed halls of AHS as a Rising senior, junior, or soph.
